P.O. Box 806
Sacramento, CA 95812-0806

Subject: Thermostat Recycling Corporation's 2016 Annual Report

Dear Mr. Brausch and Ms. Avila:

In many ways, the start of 2017 marks a new beginning for the TRC. We remain true to our core mission of recycling mercury-containing thermostats throughout the contiguous 48 states, but now our methods for doing so are more aligned. In this annual report, you will learn about our enhancements, but here are a few I'd like to highlight for you:

- ***Relocated corporate headquarters to Fort Washington, PA in Dec. 2016***. This cost-saving move allows us to be more centrally located to states which have mandatory manufacture funding requirements.
- ***Enhanced educational activities while reducing our organization's environmental footprint.*** With more online and digital marketing engagement, TRC is better able to target our audiences, use the right messaging for each audience, and employ analytics to continually gauge our effectiveness.

In addition to the aforementioned enhancements, TRC realized the following results in California in 2016:

- The program collected 15,501 thermostats in 2016 equaling 184.6 pounds of mercury.
- The quantity of mercury collected decreased by 14% from 2015 to 2016.
- The county with the most bins returned in 2016 was Los Angeles County 138 bins, followed by San Diego County with 54 bins and Orange County with 38 bins.
- TRC engaged the services of Stephen Groner & Associates to work more closely with the DTSC to pilot outreach and incentive programs in California.

Lastly, TRC has reformatted its annual report. This year's report still contains the required data you rely on, but with a more streamlined presentation to help you find what you are looking for with greater ease. Per the legislation, the annual report is posted on our website at the following weblink: https://www.thermostat-recycle.org/resources/media_center

If the department wishes to discuss this or other TRC business, please don't hesitate to contact me directly at 571-302-0877.

Sincerely yours,

Ryan L Kiscaden
Executive Director

Appendices.....55

CALIFORNIA COLLECTION DATA

By regulation, California set a performance requirement for manufacturers or groups of manufacturers to collect 131,300 mercury thermostats in 2016.

During the course of 2016, the Thermostat Recycling Corporation (TRC) recovered 184.6 pounds of mercury from the equivalent of 16,189 mercury thermostats. More specifically, these numbers are comprised of 15,501 intact mercury thermostats and 1,273 mercury thermostat switches removed from thermostats.

Also of note in 2016, 87% of TRC's collections in California were from heating, ventilation and air conditioning (HVAC) wholesale distributor collection locations, 9% from Household Hazardous Waste (HHW) locations, and 5% from contractor locations.

TRC RECYCLING BIN ORDERS

In 2016, TRC staff distributed 635 bins nationally as opposed to 864 bins in 2015. The second highest incident of orders came from California with 91 bin requests.

CALIFORNIA COLLECTION DATA

WASTE MERCURY-ADDED THERMOSTAT MANAGEMENT – GOLDEN VALLEY, MN (1/01/2016 – 12/19/2016)

As in previous years, during the first eleven and a half months of 2016, TRC's bins with waste mercury-switch thermostats from every collection site in the country, were received at the fulfillment/processing center in Golden Valley, Minnesota. The facility is owned and operated by Honeywell International, and under contract with TRC.

Bins were received at the loading dock and sent to the TRC processing area. The bins and plastic liners were opened and the contents were identified, sorted, and tallied. The following data was recorded for each bin returned and processed: bin number, business name (location name), city, state, zip code, date returned, number of thermostats and mercury switches by manufacturer and any non-conforming material.

The bins were returned to the locations, from which they were received with a new prepaid address label within 72 hours of receipt. The thermostats were stored and staged in a plastic lined carton in a storage area for final processing. The containers were dated and processed in the order in which they were received, first in-first out.

The containers were returned from the storage area to the TRC processing area to have the mercury bulbs removed from the plastic housing. Universal Waste Regulations require the disposal of waste within 12 months of generation. TRC's processor requires that the disposal occur within 6 months of generation and TRC follows the more stringent requirement. Small quantities of thermostats were removed from the container, which was then closed again, and placed at the bulb removal workstation on a tray that contains any potential mercury spillage. The bulbs were removed from the thermostats and placed into a 2-quart container at the work station. If a bulb broke and the mercury spilled, the work area was designed to contain the spillage and the operators were trained in the clean-up and disposal of mercury. The TRC processing area was equipped with special mercury vacuum cleaners and the work area was vacuumed at the end of the work day to assure that any spillage was cleaned up and not left to evaporate.

CALIFORNIA COLLECTION DATA

The 2-quart containers were emptied into a special 55-gallon drum, which was labeled and dated according to regulations. The drum was sealed with a band and only opened when contents were being added to it. Special negative pressure venting assured any fumes were drawn away and vented when the drum was opened.

The 55-gallon drum was then shipped to Veolia Environmental Services in Port Washington, Wisconsin for final processing of the mercury ampoules (switches) Veolia Environmental Services met or exceeded all local, state, federal and EPA regulations for the management of the product. Veolia's approvals for mercury recovery/recycling included:

- EPA - identification WIR000130591 (Veolia Environmental Services, Inc.)
- EPA BDAT Requirement - satisfied by all recovery operations
- CERCLA (Comprehensive Environmental Response Compensation and Liability Act)
- Wisconsin Department of Natural Resources

All facilities processing thermostats shipped to TRC follow all USEPA guidelines and regulations. TRC had a facility license from Hennepin County Minnesota for the operation of the TRC. Honeywell, Inc. had a Hazardous Waste Generator license from Hennepin County. All persons who handled mercury thermostats as part of the TRC operation received training in the handling of Hazardous Waste and Universal Waste.

WASTE MERCURY-ADDED THERMOSTAT MANAGEMENT – PORT WASHINGTON, WI (12/19/2016 – 12/31/2016)

Under the direction of TRC's newly-appointed Executive Director, the TRC changed processing facilities from the Golden Valley, Minnesota location to Veolia, in the winter of 2016. The decision was made so that TRC could expand collection efforts through more product offerings (i.e., small pails), and affiliate with a vendor whose reputation for universal and hazardous waste is unparalleled.

CALIFORNIA COLLECTION DATA

To communicate the processing change to TRC's collection partners, and announce the move of TRC's national headquarters to Fort Washington, PA, the TRC prepared a letter that was placed in outbound bins sent from Veolia to collection groups.

Beginning December 19, 2016, bins with waste mercury-switch thermostats, from every collection site in the country were received at the new fulfillment/inventory center in Port Washington, Wisconsin (WIR000130591). The facility is owned and operated by Veolia ES Technical Solutions, L.L.C. (Veolia), and is under contract with TRC for three years.

At Veolia, bins are received at the loading dock and sent to the TRC inventory area. The bins and plastic liners are opened and the contents are identified, sorted, and tallied. The following data is recorded for each bin returned and processed: bin number, business name (location name), city, state, zip code, date returned, number of thermostats and mercury switches by manufacturer and any non-conforming material.

The bin is returned to the location that sent it in with a new prepaid address label within 72 hours of receipt. The thermostats are stored and staged in a plastic lined carton in a storage area for final processing. The containers are dated and processed in order received, first in-first out.

The thermostats and any loose bulbs collected from the bins are consolidated into a special 55-gallon drum which is labeled and dated according to regulations. The drum is sealed with a band and is only opened when contents are being added to it. Special negative pressure venting assures any fumes are captured and vented when the drum is opened.

The 55-gallon drum is then shipped to Veolia's mercury recovery facility (WID988566543) for final processing of the mercury ampoules (switches) Veolia Environmental Services meets or exceeds all local, state, federal and EPA regulations for the management of the switches.

The containers are returned from the storage area to the mercury recovery processing area to have the mercury bulbs removed from the plastic housing. Universal Waste Regulations require the recycling and disposal of waste within 12 months of acceptance at the processing facility.

CALIFORNIA COLLECTION DATA

Small quantities of thermostats are removed from the container, which is then closed again. The bulbs are removed from the thermostats and placed into processing vessels at the work station. Once the processing vessel is full, the vessel is loaded into the mercury recovery retort oven.

If a bulb breaks and the mercury spills, the work area is designed to contain the spillage and the operators are trained in the clean-up and disposal of mercury. The TRC inventory and processing areas are equipped with special mercury vacuum cleaners and the work area is vacuumed at the end of the work day to assure that any spillage is cleaned up and not left to evaporate.

Veolia meets or exceeds all local, state, and EPA regulations for the management of the product. The mercury recovery facility and process are permitted by the Wisconsin Department of Natural Resources. Veolia's approvals for mercury recovery/recycling include:

- EPA - identification WID988566543
- Hazardous Waste Storage License #6008
- Hazardous Waste Treatment License (Mercury Recovery Operations) #4585
- Air Operation Permit #246076050-S01
- Storm Water General Permit #WI-S067857-4

In addition to the regulatory permits, both Veolia Port Washington facilities have developed and maintain management systems in accordance with ISO 14001-2004, OHSAS 18001-2007, and Responsible Recycling (R2:2013) Practice. All persons who handle mercury thermostats as part of the TRC operation receive training in the handling of Hazardous Waste and Universal Waste.

CALIFORNIA CONSENT ORDER

On February 10, 2016, the Department of Toxic Substances Control (DTSC) and 25 manufacturers who are members of the TRC came to an agreement to improve out-of-service mercury-added thermostat collections in California by entering into a Consent Order (http://www.dtsc.ca.gov/hazardouswaste/ThermostatCompliance.cfm).

The 25 manufacturers represented by TRC who have entered into the Consent Order are as follows: Bard Manufacturing Company, Inc., Burnham Holdings, Inc., Carrier Corporation, Chromalox, Crane, Climate Master, Inc., Empire Comfort Systems, General Electric Company, Honeywell International Inc, Hunter Fan Company, Invensys, Inc., ITT Corporation, Johnson Controls, Lear Siegler, Lennox International Inc., Lux Products, The Marley-Wylain Company, Nortek Global HVAC LLC, Sears Holdings, Thomas & Betts Corporation, Trane Residential Systems, Uponor, Inc., Valliant Corporation, W.W. Grainger, Inc., and White-Rodgers.

The Consent Order (Appendix 6) requires the manufacturers to develop an outreach plan and pilot projects (Appendix 7) to increase awareness and incentivize safe disposal of mercury-added thermostats. Four of TRC's members (E.g. Daikin Applied/McQuay International, Goodman Global, Inc., Rheem Manufacturing Company, and TPI Corporation) did not sign onto the order, and a fifth member (PSG Controls, Inc.) went out of business.

In the interest of fulfilling the requirements of the Consent Order, in conjunction with Stephen Groner Associates, TRC developed an outreach and pilot plan (Appendix 7) to heighten collections in the state of California. Additionally, four quarterly reports have been submitted to the DTSC (Appendix 9).

EDUCATION AND OUTREACH
(NATIONAL AND CALIFORNIA)

NEW LEADERSHIP

In March, TRC's Board of Directors announced the promotion and appointment of its Director of National Accounts, Ryan Kiscaden, to the role of Executive Director. The announcement reaffirmed the Board's commitment to the extended producer responsibility stewardship program.

DIRECT MAIL AND EMAIL COMMUNICATIONS

TRC utilized direct mail throughout the year to target collection locations, HVAC contractors/technicians, utilities, and HHW facilities

National HVAC Industry Efforts

- Throughout 2016, TRC sent letters and emails with the purpose of informing and/or reminding recipients about TRC's program and to encourage them to directly participate. These communications included:
    - 292 emails sent to HVAC contractors in July
    - 279 letters sent to the One Hour Heating and Air Conditioning franchise group in December
    - 267 emails to HVAC contractors in the TRC program in the form of a miss you email

California-Specific HVAC Industry Efforts

- In accordance with TRC's storage policies, reminder postcards were mailed to collection points that had not returned a TRC container within the last 12 months.
    - Two hundred forty-three reminders were mailed in January, 279 in May, and 263 in September to help encourage collections and keep them top of mind.
- To nurture new relationships and grow collection sites in California, TRC sent 37 letters to 37 California wholesalers not participating in TRC's program during June 2016. To further encourage these businesses to join the program, the letter waived the customary $25 program participation fee and offered each a free bin.

EDUCATION AND OUTREACH
(NATIONAL AND CALIFORNIA)

National Utility Industry Efforts

Throughout the year TRC sent letters and emails to national utility implementers, with a footprint in California, for the purpose of informing recipients about TRC's program and to encourage them to directly participate. This communication included:

- 119 emails to an assortment of utility companies in May offering resources to assist in ensuring they were compliant with regulations related to mercury thermostat disposal. TRC implemented A/B testing with this email. A/B email testing allows for different messaging to an email list to test effectiveness. TRC sent this email to utility companies and randomized the list into two sets of 67 recipients. The "A" list's messaging lead with details on how to implement mercury thermostat recycling into the RFP process and was then followed by compliance language. The "B" list's messaging reversed the order of the messaging, and also had a different subject line. TRC embraces A/B testing to pilot two different messages to determine the effectiveness of each. The message with the higher response rate is then incorporated in to a more widely distributed campaign to maximize impact and return on investment.
- 793 letters sent to home automation contractors residing in mandatory states (CA, CT, IL, IA, ME, MA, MN, MT, NH, NY, PA, RI and VT) in September.
- An email sent to 2500 Association of Energy Services Professionals (AESP) members in March that also provided examples of other implementers using the program.

California-specific Utility Industry Efforts

TRC again worked with Cadmus, a professional consulting service that helps clients in the energy and environmental sectors achieve their goals and create social and economic value. Cadmus conducted research on energy efficiency companies for TRC to approach in 2016.

Due to this research TRC took the following actions:

- In August, TRC also sent letters to 16 Willdan Energy Solutions, a nationwide engineering consulting firm that serves investor and municipal-owned utilities, private sector and government clients with a regional focus in California. TRC understood that Willdan Energy was the hired implementer on an energy efficiency project located within the utilities territory. These letters encouraged them to participate directly in the program and receive a free TRC collection bin. There were no signups that occurred from this mailing.
- Four letters sent to Franklin Energy locations in May. Similar to Willdan Energy, the Franklin Energy letter offered a free container and no signups occurred from the mailing.

National Household Hazardous Waste (HHW) Industry Efforts

- In July, TRC created a new 11x17 sized poster (Exhibit 2) for HHWs to use in their facilities to promote TRC's program. To distribute the poster, TRC sent a letter accompanying the poster to every current HHW location, 640, in TRC's system at the time. Additionally, every new HHW bin order after July 13th contained one of the new posters.
- TRC sent an email to 60 HHW locations encouraging direct participation in the program. It received 10 responses and 3 bin orders.
- In October, TRC sent an infographic to 1,345 HHWs across the nation through a list acquired from PaintCare (Exhibit 3). The infographic provided information about TRC's program and offered a free recycling bin.
- Also in October, TRC in concert with Covanta sponsors an HHW mercury thermostat take-back day in Kent County, MI and offers to pay carbon credits for each thermostat turned in as part of the promotion.

EDUCATION AND OUTREACH
(NATIONAL AND CALIFORNIA)

FORM 303 CALIFORNIA HHW COLLECTION NUMBERS

As part of the program plan, there was no California-specific outreach to the HHW industry which occurred in 2016. Details related to the 25 signatories' consent order HHW outreach can be found in Appendix 7.

California state law (PRC §47203; HSC §25218.10) mandates the Department of Resources Recycling and Recovery (CalRecycle) and Department of Toxic Substances Control work jointly in maintaining a database of all household hazardous waste collection events, facilities, and programs within the state and make that information available to the public upon request. California regulations (CCR, Title 14, Division 7, Chapter 9, §18751.2) mandate that each public agency responsible for HHW management shall ensure the amount of material (in pounds) is collected through their program during the preceding reporting period (July 1 through June 30) is reported to CalRecycle by October 1 each year. Additionally, the Form 303 is specifically intended to fulfill the countywide integrated waste management plan, HHW element reporting requirements (CCR Title 14, Division 7, Chapter 9, §18751.1). TRC also contributes its data in this manner.

As detailed in the Evaluation section of this report, Section 2 (Figure 2.1), California HHWs contributed the second lowest amount of collections for the TRC program, representing only 9% of the overall returns in 2016.

As referenced in CalRecycle's own reports on HHW pounds of material collected in the state, mercury thermostats are demonstrating a similar decline to the TRC program's collection results (Appendix 10).

EDUCATION AND OUTREACH
(NATIONAL AND CALIFORNIA)

EXHIBIT 2: HHW POSTER

EXHIBIT 3: INFOGRAPHIC TO HHW LOCATIONS

EDUCATION AND OUTREACH
(NATIONAL AND CALIFORNIA)

ADVERTISING

In 2016, TRC's two primary advertising targets remained HVAC contractors/technicians and HVAC wholesale distributors. As a justification for these primary targets, the majority of collections continue to stem from the HVAC industry.

For the contractors/technicians segment, TRC focused on residential and light commercial contractors because of their relatively high level of hands-on contact with waste mercury thermostats.

The second segment of focus was HVAC wholesale distributor locations as they remain the most convenient location for the majority of California-based technicians/contractors to purchase replacement thermostats and recycle waste mercury thermostats.

Also, under the leadership of TRC's new Executive Director, and based on programmatic goals set for 2016, TRC increased its advertising budget by 50%. This increase was used to target nontraditional audiences (bullet point list referenced below) in an effort to increase collection results.

In an effort to reach homeowners who represent a small, but related, segment of the nontraditional audiences, TRC emphasized advertising on social media outlets such as Facebook with educational messaging about environmentally-friendly home improvements.

Historically, TRC derived the greatest impact and value from its marketing activities by concentrating on audiences that conduct the majority of repeat thermostat replacements, such as HVAC contractors. Therefore, the majority of promotional efforts were focused here.

In January 2016, TRC launched a new branding campaign targeted at the HVAC industry: "Recycle every mercury thermostat, every time" (Exhibit 4). The campaign messaging is based upon the frequent feedback TRC staff received from contractors, who tended to comment, "What's the big deal about mercury? I used to play with it in school as a kid."

Lastly, Ferguson, a top-rated wholesale supplier of commercial and residential plumbing supplies, supported this campaign by creating posters that mirrored this content and displayed them in 151 stores nationwide.

EXHIBIT 4: NEW HVAC INDUSTRY BRANDING CAMPAIGN

In 2016, TRC also pursued new target audiences nationally, in a variety of advertising mediums such as electronic, print, and earned media. These audiences included:

- Utility implementers
- Facility managers
- Demolition contractors
- HHWs
- Hotel maintenance companies

The purpose of TRC's advertisements were two-fold: 1) continue to build brand/program awareness and 2) increase program participation by raising awareness of specific legal obligations to recycle and the ease of recycling.

EDUCATION AND OUTREACH
(NATIONAL AND CALIFORNIA)

Print Advertising

New national advertising in 2016 included:

- National Association of Hotel and Lodging Engineers, a national monthly publication with a national circulation of 17,500. TRC placed a print ad and an editorial piece in the September issue.
- Construction and Demolition Recycling, a national monthly publication with 108,786 subscribers. TRC placed a ¼-pg ad in the July issue.
- Affordable Housing Finance, a national monthly publication. TRC placed a ¼-pg ad in the July, September and October issues.

TRC continued print-based advertisements in the following national/regional HVAC trade publications:

- ACHR News, a weekly HVAC industry publication with a circulation of 33,812. TRC placed full-page, full-color ad in January that listed all of TRC's member companies, and some of TRC's valued collection partners, in an issue type ad reminding readers of the importance of recycling mercury thermostats.
- Distribution Center Magazine, the exclusive publication of HARDI, with more than 11,000 bi-monthly subscribers. TRC ran a full-color ¼-pg ad in January, May and December.
- HVACR Business Magazine, a national publication with approximately 34,000 qualified subscribers, of which approximately 1,544 are in New England. TRC ran a full color 1/2-pg ad in February and May.
- R.E. Michel's Catalogue, through the TRC's continued outreach reach efforts with collection partners, R.E. Michel allowed the organization to place a recycling awareness ad in their widely-circulated catalogue at no cost.

TRC continued the use of digital advertisements in 2016, with changes in scheduling and scope, and the addition of new outlets.

EDUCATION AND OUTREACH
(NATIONAL AND CALIFORNIA)

TRC's new national advertising in 2016 included:

- National Demolition Association, a weekly national newsletter sent to 1,806 subscribers. TRC placed a banner ad for 13 consecutive weeks starting in July.
- NAHMMA ***(North American Hazardous Materials Management Association) Official Enewsletter***, a bi-weekly national newsletter sent to 1,570 subscribers. TRC placed a rectangle ad for seven consecutive weeks starting in May.
- Building Owners and Managers Association, a website with more than 37,000 unique monthly visitors. TRC placed a rectangle ad during May and June.
- National Association of Hotel and Lodging Engineers, a website averaging 1,500 unique monthly visitors. TRC placed a rectangle ad in September.
- Facilities Management Link, a national newsletter sent to opt-in subscribers within the facilities management industry. TRC placed an ad receiving 3,500 banner impressions in October. Additionally, TRC rented their email list to send a dedicated email about TRC's program to the following states: Ohio, Maryland, Pennsylvania, New York, and all of New England.
- IFMA ***(International Facilities Management Association)***, a website with more than 66,000 monthly visitors. TRC placed a banner ad in November.
- Affordable Housing Finance, a national monthly email sent to 25,800 subscribers. TRC placed a rectangle ad in the June issue.
- Penton Media, specifically renting their hotel management email distribution list. TRC sent an email to more than 3,000 subscribers in July to inform them of the program.

TRC also continued digital advertisements, with geotargeted buys in California. Geotargeting allowed the advertisements to run within certain regional characteristics such as zip codes or county. Users within these characteristics would receive targeted advertisements. The following HVAC websites were advertised in:

EDUCATION AND OUTREACH
(NATIONAL AND CALIFORNIA)

- AHRI ***(Air Conditioning, Heating, and Refrigeration Institute) Newsletter***, a weekly newsletter with more than 1,700 subscribers. TRC placed a rectangle ad for 13 consecutive weeks starting in April.
- HVACRbusiness.com, an HVAC publication website with 14,000 monthly visitors. TRC ran a Web Package in April and September which included:
    - A video on their homepage which showcased an updated TRC YouTube video about the program
    - A 728x90 size digital ad
    - A 160x600 size digital ad
    - A 180x150 size digital ad
- ACHRNews.com, the Air Conditioning, Heating & Refrigeration website that assists the decision-makers from all branches of the HVAC industry including contractors, manufacturers, distributors, parts and supply wholesalers, and service companies. More than 241,000 HVACR professionals visit the website every month. TRC ran several digital ads throughout the year with them including:
    - A skyscraper ad in January and June
    - A website topic sponsorship in May, September and October
    - A leaderboard ad in their weekly newsletters during all of June and September
    - A video highlight in October, which showcased an updated TRC YouTube video about the program
- Distribution Center's Enewsletter, sent to 4,000 weekly opt-in subscribers. TRC ran a Medium Rectangle ad in April and September.
- NATE ***(North American Technician Excellence) Enewsletter***, sent bi-monthly to 31,900 opt-in subscribers. TRC ran a featured leaderboard ad in March and November.

Google AdWords

Since 2011 TRC has deployed a Google AdWord campaign that geo-targets contractors/technicians and consumers (homeowners) in states with mercury thermostat disposal bans, including

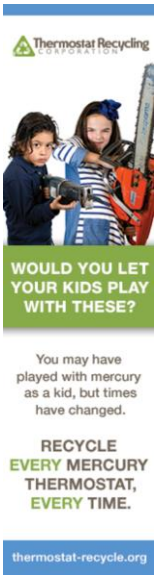

California. Advertisements appear on Google search results pages after an individual searches terms related to TRC's mission (E.g. thermostat replacement, contracting recycling regulations, mercury thermostat recycling, programmable thermostats, etc.).

TRC continued this campaign in 2016, running it for the duration of the calendar year. In April, TRC updated the campaign by adding new display ads. (Exhibit 5) This is TRC's preferred option to reach consumers because of the campaign's extensive and targeted reach.

The California campaign yielded 2,244,855 impressions with an average click through rate (CTR) of 0.4%.

EXHIBIT 5: GOOGLE ADWORDS DISPLAY ADS

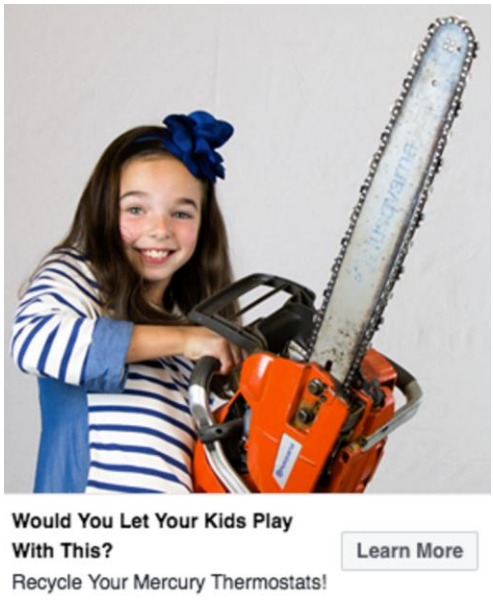

Social Media

In March, TRC's Executive Director published a white paper titled *The Challenge: Not all HVAC Wholesalers Are Created Equal When It Comes to Mercury Thermostat Recycling.* The paper was circulated via LinkedIn and through the TRC blog.

EDUCATION AND OUTREACH
(NATIONAL AND CALIFORNIA)

In April, TRC launched a new Facebook and YouTube advertising campaign targeting consumers in California. The messaging encouraged users to recycle mercury thermostats and directed them to TRC's website to find out how they could do so. (Exhibit 6)

EXHIBIT 6: FACEBOOK AD

Earned Media

TRC continued to receive positive earned media coverage of its news releases throughout the year in publications such as *HVAC Insider, Distribution Center*, and *ACHR News*. Additionally, *U.S. Boiler Report* published an editorial article in August about TRC's program.

TRC WEBSITE

Starting in April and running through the end of the year, TRC implemented a new Collection Partner of the Month initiative to highlight collection partners that have gone above and beyond. An announcement about the featured partner was posted in the News section of TRC's website and included information about the partner, as well as a link to their website. Many of these

entities posted reciprocal information on their sites about the honor, ultimately, helping drive additional traffic to the TRC website. Highlighted collection partners with a presence in California included GoodCents and Johnstone Supply.

In June, TRC launched four subpages of its website in Spanish (thermostat-recycle.org/es). Additionally, a new TRC 11x17 poster in Spanish was made available for free download on TRC's website. This initiative was based on feedback from HVAC wholesalers who have Spanish-speaking technicians and would find this resource useful.

At the end of November, DOE's EnergyStar program added TRC's information and content about recycling mercury-containing thermostats to its website in spite of the fact that as of 12/31/2016, there weren't any programmable, WiFi-enabled, or smart thermostats available for EnergyStar qualifications. This relationship was accomplished because EnergyStar saw value in the amount of web traffic homeowners and others had towards thermostat replacements.

TRADE SHOWS, CONFERENCES AND PRESENTATIONS

TRC staff attended, exhibited and/or presented at the following regional and national shows pertaining to California:

- **January 25th – 28th: Air-Conditioning, Heating, and Refrigeration Institute (AHR) Exposition**
  Orlando, FL
  TRC staff attended and exhibited at the AHRI (Air-Conditioning, Heating, and Refrigeration Institute) Expo in Orlando. The show brought in over 42,396 visitors, including more than 2,000 from the west coast.
- **February 1st – 4th: Association of Energy Service Professionals (AESP) Trade Show**
  Phoenix, AZ
  AESP is the premier organization for professionals in the energy efficiency industry. Over 300 industry professionals attend the event including utility professionals and industry advisors/implementers. TRC staff attended this show.

EDUCATION AND OUTREACH
(NATIONAL AND CALIFORNIA)

- **February 4th – 5th: ABM Franchising Show**

  Atlanta, GA

  ABM is a wholesale distributor of HVAC parts and equipment. TRC staff exhibited at their annual show.

- **February 23rd 24th: Johnstone Supply Member Meeting**

  Austin, TX

  Johnstone Supply is a cooperative wholesaler distributor of HVAC parts and equipment with over 380 locations nationwide, including 37 in CA. Johnstone's Annual Membership meeting is invitation only and TRC once again attended and exhibited as part of an ongoing effort with Johnstone to encourage and expand the cooperative's members' participation. The event is well attended by owners and senior staff and remains a unique opportunity to engage directly with key decision makers.

- **February 25th: ABM Webinar**

  TRC staff presented a webinar to a contractor audience about mercury thermostat recycling and regulations.

- **March 10th: Air Conditioning Contractors of America (ACCA) and the IE3: Indoor Environment & Energy Expo**

  Charlotte, NC

  This expo is the largest marketplace for the indoor environmental and energy services contracting industry. TRC staff exhibited and promoted the program to attending HVAC contractors.

- **April 19th: Honeywell Webinar**

  Company board member Honeywell hosted a webinar in which 65 locations tuned in to learn about the mercury-containing thermostat recycling process.

- **October 13th: NAHMMA *(North American Hazardous Materials Management Association)* National Conference**

  Portland, OR

TRC staff attended the conference and sponsored the silent auction. The conference facilitated peer-group interaction and exchange of ideas and information relating to hazardous materials management.

- **November 1st – 4th: CalRecycle 2016 HHW**

  Sacramento, CA

  This CalRecycle sponsored conference brings together local HHW program managers, nonprofit organizations, state agencies, and private businesses to share information and attend technical training concerning the appropriate management of HHW. The conference alternates between northern and southern California locations every 18 months.

  A show sponsored by CalRecycle for the HHW industry. TRC staff attended.

- **November 1st:** TRC and the Center for Ecotechnology (CET) conducted a webinar through MassRecycle overviewing the TRC program and offering free bins to participants. Advertisements for the webinar were made to Massachusetts pipefitters unions, HVAC wholesalers, HVAC contractors, and HHWs in the form of newsletters, emails, and on participating websites.

- **November 16th: Institute of Heating and Air Conditioning Industries (IHACI) Trade Show**

  Pasadena, CA

  TRC exhibited at IHACI which is California's largest HVAC trade group and annually sponsors a one-day trade show at the Pasadena Convention Center. Attended by approximately 5,000 contractors and technicians, this is California's largest HVAC trade show.

- **December 3rd – 6th: HARDI National Conference**

  Colorado Springs, CO

  TRC staff again exhibited at this event and presented its annual "Big Man on the Planet Award."

EDUCATION AND OUTREACH
(NATIONAL AND CALIFORNIA)

OTHER ENGAGEMENT

TRC Member Engagement

In April, TRC member company, Honeywell, posted a Facebook message promoting TRC's program in correlation with Earth Day (Exhibit 7).

EXHIBIT 7: HONEYWELL FACEBOOK POST

In July, TRC member company, Johnson Controls, distributed an informational fact sheet about mercury thermostat recycling to 120 of their service office locations in the U.S.

In October, TRC member company, Lennox, created a TRC ad to raise awareness within their National Account Services (NAS) contracting business. The ad stressed the importance of TRC's program and was placed on the back cover of the Sep-Oct issue of NAS' "Top Gun" magazine. This

publication goes to approximately 100 branches and all the NAS technicians throughout the United States.

Big Man on Planet Competition

TRC partnered with the Heating, Air Conditioning & Refrigeration Distributors International (HARDI) for the fifth annual Big Man on Planet (BMOP) competition where HARDI member distributors compete against each other nationwide. The three winners were Johnson Supply for highest participation rate, Gustave A Larson Company for highest average thermostat return per branch, and Johnstone Supply for most mercury recycled during the campaign. Each winning distributor was awarded a trophy at HARDI's annual conference in December. Additionally, the three branches that individually recycled the most mercury thermostats were awarded catered dinners for staff courtesy of TRC. The top three branches were Johnstone Supply in Golden Valley, MN, Auer Steel in Milwaukee, WI, and Johnstone Supply in Bloomington, MN.

California Location calls

TRC staff made 19 phone calls to collection locations in California that hadn't returned a bin in more than 12 months. Calls reminded locations of the need to stay in compliance with accumulation time limits. TRC staff also offered to replace lost shipping labels, order FedEx Ground pickups for the bins, and provide free promotional materials.

California Site Visits

TRC staff visited 37 California collection locations that had not returned a bin within the past 12 months.

2016 PROGRAM EXPENSES

Below is a summary of TRC's national program expenses for 2016. A copy of TRC's 2015 IRS Form 990 is available in the report's appendices (Appendix 12).

EXHIBIT 8: 2016 NATIONAL PROGRAM ADMINISTRATIVE EXPENSES

Program Component	2015	2016	% Change
Direct Expense for Marketing & Outreach	$ 277,434	$ 1,254,329	352%
Incentive/Promotional Payments	$ 42,224	$ 44,460	5%
Legal	$ 15,399	$ 30,952	101%
New Collection Containers	$ 10,960	$ 13,473	23%
Recycling Costs	$ 347,555	$ 308,899	-11%
Travel	$ 81,152	$ 79,259	-2%
TRC Staff and Administration	$ 625,137	$ 548,137	-12%
Total (expenses)	**$ 1,399,862**	**$ 2,279,509**	**63%**

Compared to prior years, variances in these program components were much more volatile. Causes for changes include:

- **Direct Expense for Marketing and Outreach:** Twenty-five of TRC's 31 members retained vendor services to explicitly comply with California's Consent Order. Most notably, and pursuant to the order, Stephen Groner Associates (SGA) was hired to develop, execute, and manage an integrated outreach and incentive pilot program. Under the contract, SGA promotes TRC's program through tactics that include, but are not limited to, targeted outreach and engagement with NGOs, HHWs, retailers, consumers, wholesalers, and DTSC. Additionally, SGA evaluates, reports on, and makes recommendations to TRC and its board to help ensure the success of all initiatives and amend strategy where needed. This effort, in tandem with other nontraditional audience outreach intended to grow the collection of mercury thermostats nationwide, accounts for a 50% increase in TRC's 2016 advertising budget.
- **Recycling Costs:** Because the program received less to process in 2016 compared to 2015, a reduction in the costs to manage the end of life mercury bearing thermostats

mirrored collections. It is important to note that the costs related to processing thermostats will increase in 2017 as we transition to the new processing facility, Veolia.

TRC Staff and Administration: TRC reduced the size of its staff and outsourced certain tasks to heighten efficiency and lower payroll expenditures. In addition to personnel changes, TRC moved its offices with a reduction of lease occupancy expenses to be expected of 50% or greater.

EXHIBIT 9: 2016 PROGRAM EXPENSES WITH CALIFORNIA SPECIFIC COSTS

Category	CA	National	Total Expenses
Direct Expense for Marketing & Outreach	$1,011,924	$154,465	$ 1,254,329
Incentive/Promotional Payments	$ 12,504	$ 7,940	$ 44,460
Legal	$ -	$ 30,772	$ 30,952
New Collection Containers	$ -	$ 13,473	$ 13,473
Recycling Costs	$ 25,022	$190,953	$ 308,899
Travel	$ 18,167	$ 36,046	$ 79,259
TRC Staff and Administration	$ 20,538	$410,463	$ 548,137
Total (expenses)	**$1,088,155**	**$844,112**	**$ 2,279,509**

- **Clarification on classes for costs:** TRC uses an accounting process in QuickBooks which allows the organization to code expenses to both account code and class. Classes set up for allocation include individual states, a "mandatory" classification, and a "national" classification.

  These classifications allow TRC to correctly attribute costs in an appropriate manner. For example, many times marketing activities are best done at the "mandatory" classification for economies of scale. If TRC engages a marketing activity geared towards multiple states (i.e. a direct mail piece) then TRC will allocate the costs of the marketing piece across all 13 states which require mandatory manufacturer funding to operate the program.

After all costs (both state specific and "mandatory") are allocated to a state, the remaining category is "national". Because TRC operates in 48 states, these costs are not split evenly among the 13 "mandatory" states.

Instead, costs in this category are correctly attributed to the "national" categorization. As you can see demonstrated above, more than a 1/3 of TRC costs are allocated to non-specific state costs.

- **TRC Staff and Administration:** Any costs for a specific state will take the hours worked at the TRC employee level multiplied by each individual's hourly rate.

2017 PLANNED PROGRAM CHANGES TO INCREASE CALIFORNIA COLLECTIONS

2017 ANNUAL GOALS

TRC again set annual goals for the organization for the calendar year 2017. The 2017 goals were developed by TRC staff and incorporate each operational area of the organization, including:

1. Continuing to address state statutory requirements, agreements and other projects and activities designed to meet regulatory compliance requirements
2. Increasing focus on mercury thermostat collections nationally with two key targets; HVAC providers and Utilities. Additionally, target audiences as required by individual states
3. Identifying, analyze, and automate TRC business processes

To achieve TRC's 2017 annual goals, the agency has strategically realigned many of its previous marketing tactics. New efforts are intended to hyper-target high-volume collection partners, pilot a consumer-base campaign, and further capitalize on earned media opportunities in California.

Since the volume of mercury thermostats in use today is still unknown, these campaigns are geared to attempt to claim as many as possible. With the proliferation of demand stimulating replacement products such as Wi-Fi-enabled and smart thermostats, the remaining reservoir of remaining mercury thermostats to recycle may drastically reduce. Mercury thermostats are at least two or three generations past the new product lifecycles.

Here are some of the promotional tactics slated for 2017 in California:

- **Small Pails** - For many years, TRC has used its standard, green recycling container to fulfill statutory requirements for its 29 manufacturing members. This container has been a part of the organization's branding, its mechanism for compliance, and is the largest container available in meeting DOT shipping regulations for universal waste.
  As fewer thermostats have been collected over time, the need for larger containers has diminished in value. Also, of the 13 states which mandate the thermostat manufacture to fund a take-back program, only a handful specify the amount in which the container can be sold for. None specify the dimensions of the container.

2017 PLANNED PROGRAM CHANGES TO INCREASE CALIFORNIA COLLECTIONS

During discussions with regulators, current collection locations, and other interested stakeholders, it became apparent that a smaller recycling container could help resolve rural collection issues and provide an additional, perhaps desirable collection mechanism for others.

As a result, TRC's mercury thermostat recycling program will offer an additional choice of a small pail, for a nominal $10 fee per container, starting in the second quarter of 2017. Through its processing partnership with Veolia, we have developed a plan to offer a one-gallon recycling option to anyone whom requests.

- **Earned Media** – Since its inception, TRC's communications tactics have predominantly been owned media, such as websites, blogs, or email, and paid advertising. Very little emphasis was applied to proactive earned media strategies.

  Earned media cannot be bought or owned. It can only be gained organically, when content receives recognition through communication channels such as social media and word of mouth. Earned Media allows for a higher return on investment than other advertising mechanisms.

  Also, it often refers to publicity gained through editorial influence of various kinds. The media may include any mass media outlets, such as newspaper, television, radio, and the internet. Additionally, it may include a variety of formats, such as news articles, letters to the editor, editorials, and television and internet play.

  TRC's new Director of Marketing, Communications, and Social Media, Janet Tirado, has over 20 years of integrated communications experience with a concentration in earned media. Under her direction, TRC has subscribed to PRNewswire to help disseminate press releases and has developed an editorial calendar with consistent and sustainable activities throughout 2017.
- **Consent Decree** - Pursuant to the Consent Decree entered into by DTSC and 25 members of TRC on February 10, 2016, additional modifications may be made throughout 2017 in light of new information about the success or failure of outreach and pilot projects.

EVALUATION AND EFFECTIVENESS

The Thermostat Recycling Corporation (TRC) is a non-profit stewardship organization that facilitates and manages the collection and proper disposal of mercury-containing thermostats. TRC is supported by 31 manufacturers and provides a network of collection sites around the United States with the aim of keeping mercury out of the waste stream and protecting the environment. The following analytical report details the annual program performance for mercury thermostat collection in the state of California (CA) in 2016. A few of the program highlights for 2016 are included below:

- In 2016 the program **collected 184.6 pounds of mercury** in CA. Since 2001, the quantity of mercury collected has increased by an average of 40% per year. During the same period, the total quantity mercury collected nationally increased by an average of 15% per year
- The program collected **15,501 whole thermostats in 2016**. The 2016 figure was a 15% decrease in the number of thermostats collected in 2015 but a 170% increase in the last decade. The number of thermostats collected annually in CA has increased by an average of 51% per year since 2001.
- The **number of whole thermostats collected per bin in 2016 was 33 thermostats.** This was less than the 15-year state average of 49 thermostats per bin.
- The county with the most bins returned in 2016 was **Los Angeles (138 bins),** followed by **San Diego (54 bins) and Orange (38 bins each).** Twenty of the 58 counties in California did not return any bins in 2016.
- In 2016, **51% of the partner locations in CA returned at least one bin** compared to a national average of 44%.
- A total of **37 site visits were conducted in CA and 19 'Miss You' calls were placed in 2016**. Bin returns in CA followed an almost sinusoidal return pattern, and there is no statistical relationship between bins returned and calls or visits.
- In addition to 15,501 whole thermostats, 1,273 loose switches were collected, bringing the total number of "thermostat equivalents" returned in 2016 to 16,189, a decrease of 16% from 2015.

EVALUATION AND EFFECTIVENESS

SECTION 1: Program Analytics

Section 1 of this report examines the annual performance of the thermostat collection recycling program in terms of bins, thermostats, and mercury collected as well as the year-over-year progression of the program.

1.1: PROGRAM PERFORMANCE OVER TIME

On average, the program has **collected 131.1 pounds of mercury** and **9,925 whole thermostats per year** since 2001. In 2016 the program **collected 184.6 pounds of mercury from 15,501 whole thermostats and 1,273 loose switches**, a decrease from the previous year of 14% in mercury and 15% in thermostats. Figure 1.1 displays the total number of bins collected, the total number of thermostats, and the quantity (lbs.) of mercury collected in the state since the beginning of the program.

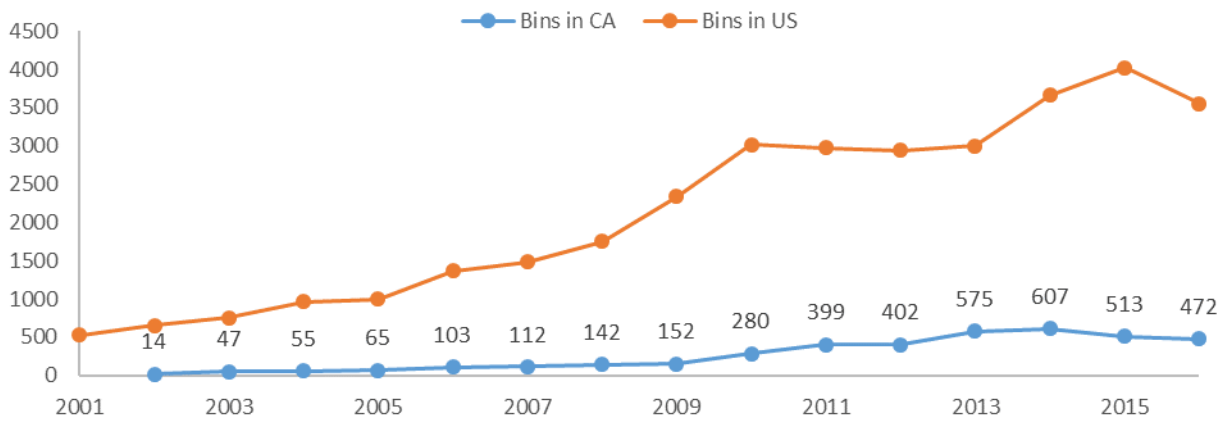

FIGURE 1.1: PROGRAM PERFORMANCE OVER TIME

Year	Number Bins	Number Stats	Lbs. Mercury
2001	2	182	4.9
2002	14	702	10.5
2003	47	2,395	38.9
2004	55	3,025	36.6
2005	65	3,901	45.9
2006	103	5,110	77.4
2007	112	5,750	83.3
2008	142	7,007	104.8
2009	152	7,441	103.6
2010	280	13,340	185.8
2011	399	18,697	254.8
2012	402	16,353	219.7
2013	575	20,956	265.5
2014	607	20,178	266.9
2015	513	18,260	214.8
2016	472	15,501	184.6
Average	*246*	*9,925*	*131.1*
Total	*3,940*	*158,798*	*2,098.0*

EVALUATION AND EFFECTIVENESS

Figure 1.2 displays the number of bins collected in the state over time as well as the total number of bins collected in the US over the same period. The figure shows that the number of bins collected annually increased from 2001 to 2014, but fell from 2014 to 2016. The largest increases occurred from 2009 to 2011 and from 2012 to 2013.

FIGURE 1.2. BINS COLLECTED OVER TIME IN STATE AND NATIONALLY

In CA, the **quantity (lbs.) of mercury collected in 2016 decreased by 14% from 2015 to 2016**. Since 2001, the average of annual increases in CA is 40%. At the same time, the quantity of mercury collected nationally increased by 15% per year on average. From` 2002 through 2010 the quantity of mercury collected in the state increased annually by an average of 65%, then from 2011 through 2016, the quantity of mercury collected increased annually by an average of only 2%. Figure 1.3 displays the total quantity of mercury collected in the state over time as well as the year-over-year percent increase (or decrease) in the state and the US as a whole.

FIGURE 1.3: QUANTITY (LBS.) OF MERCURY COLLECTED IN PROGRAM AND YEAR-OVER-YEAR CHANGES IN STATE AND US

Year	Total Lbs. Hg	% Change in CA	% Change US
2001	4.9	NA	89%
2002	10.5	112%	14%
2003	38.9	271%	11%
2004	36.6	-6%	17%
2005	45.9	25%	11%
2006	77.4	69%	32%
2007	83.3	8%	2%
2008	104.8	26%	16%
2009	103.6	-1%	16%
2010	185.8	79%	26%
2011	254.8	37%	4%
2012	219.7	-14%	-5%
2013	265.5	21%	-5%
2014	266.9	1%	13%
2015	214.8	-20%	13%
2016	184.6	-14%	-15%
Average	*131.1*	*40%*	*15%*

The state of CA collected 15,501 thermostats in 2016. This was a **15% decrease from the number of thermostats collected in 2015** but a **170% increase in the last decade**. The number of thermostats collected annually in CA has increased by an **average of 51% per year since 2001**. At the same time, the number of thermostats collected in the US has increased by an average rate of 9% per year. Figure 1.4 displays the total number of thermostats collected in the state and nationally, and figure 1.5 shows the underlying data as well as the calculated year-over-year percent change.

FIGURE 1.4: NUMBER OF WHOLE THERMOSTATS COLLECTED OVER TIME IN THE STATE AND NATIONALLY

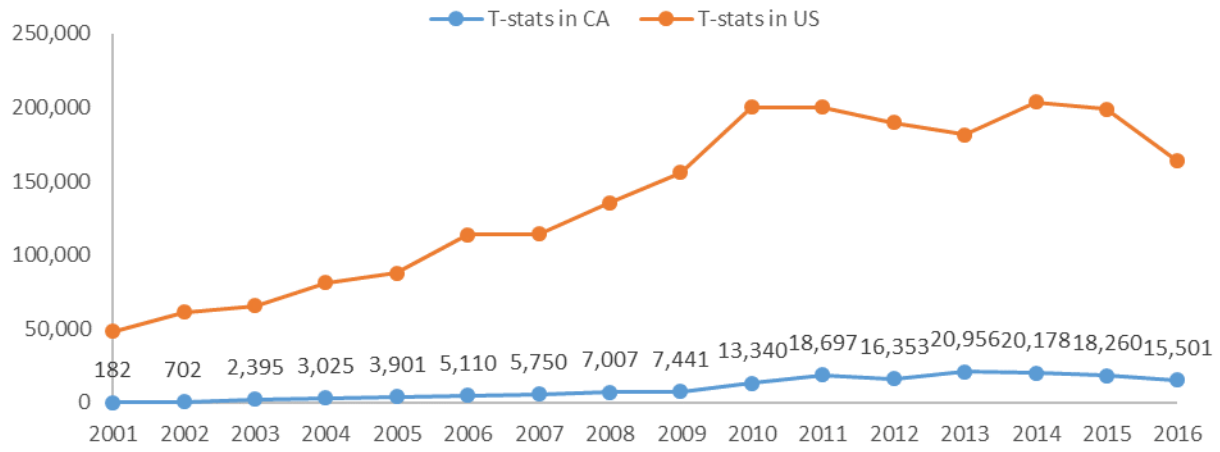

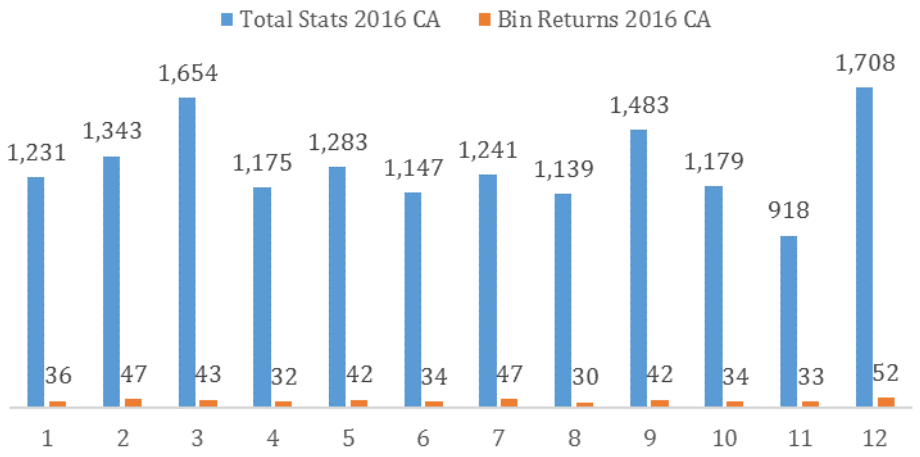

FIGURE 1.5: WHOLE THERMOSTATS COLLECTED IN CA AND US OVER TIME AND YEAR-OVER-YEAR PERCENT CHANGE

Year	T-stats in CA	T-stats in US	% Change State	% Change US
2001	182	48,350	-	-
2002	702	61,422	286%	27%
2003	2,395	65,778	241%	7%
2004	3,025	81,115	26%	23%
2005	3,901	87,754	29%	8%
2006	5,110	113,658	31%	30%
2007	5,750	114,158	13%	0%
2008	7,007	135,646	22%	19%
2009	7,441	155,731	6%	15%
2010	13,340	200,064	79%	28%
2011	18,697	199,918	40%	0%
2012	16,353	189,619	-13%	-5%
2013	20,956	181,600	28%	-4%
2014	20,178	203,346	-4%	12%
2015	18,260	198,603	-10%	-2%
2016	15,501	163,606	-15%	-18%
Average	*9,925*	*137,523*	*51%*	*9%*

EVALUATION AND EFFECTIVENESS

Figure 1.6 displays the monthly distribution of bins and thermostats collected in the state in 2016. The months with the greatest number of bins returned were **February (47 bins), March (43 bins), and December (52 bins).** The months with the greatest number of thermostats returned were **March (1,654 thermostats), September (1,483 thermostats), and December (1,708 thermostats)**. Conversely, the months with the fewest number of thermostats returned in 2016 were June, August and November.

FIGURE 1.6. WHOLE THERMOSTATS AND BINS COLLECTED PER MONTH 2016

The highest number of **thermostats per bin returned occurred in March and August (38 thermostats per bin each).** Figure 1.7 shows the monthly average of thermostats per returned bin for the year.

FIGURE 1.7: AVERAGE THERMOSTATS PER BIN RETURNED PER MONTH

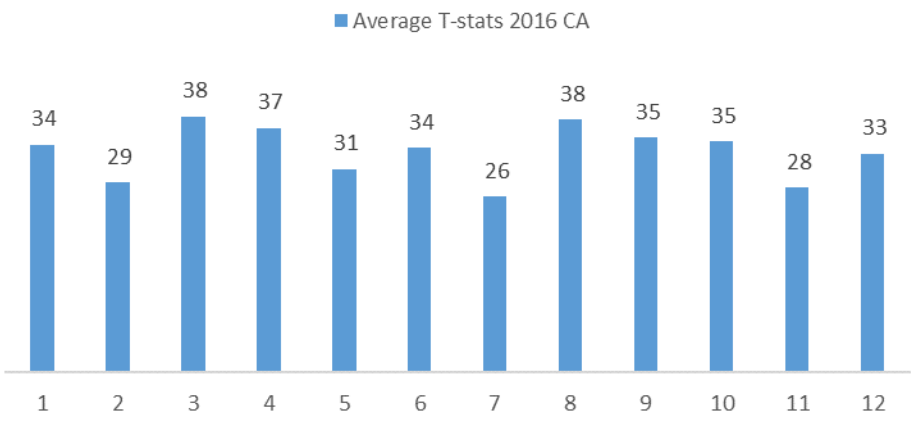

Figure 1.8 displays the average number of thermostats returned per bin in the state and in the US since the beginning of the state program. Nationally, the number of thermostats per bin has decreased since 2000, and a similar annual decline has occurred in CA. In 2016, the average number of thermostats per bin in CA was at a low of **33 thermostats per bin**.

FIGURE 1.8: AVERAGE NUMBER OF THERMOSTATS PER BIN OVER TIME IN THE STATE AND NATIONALLY

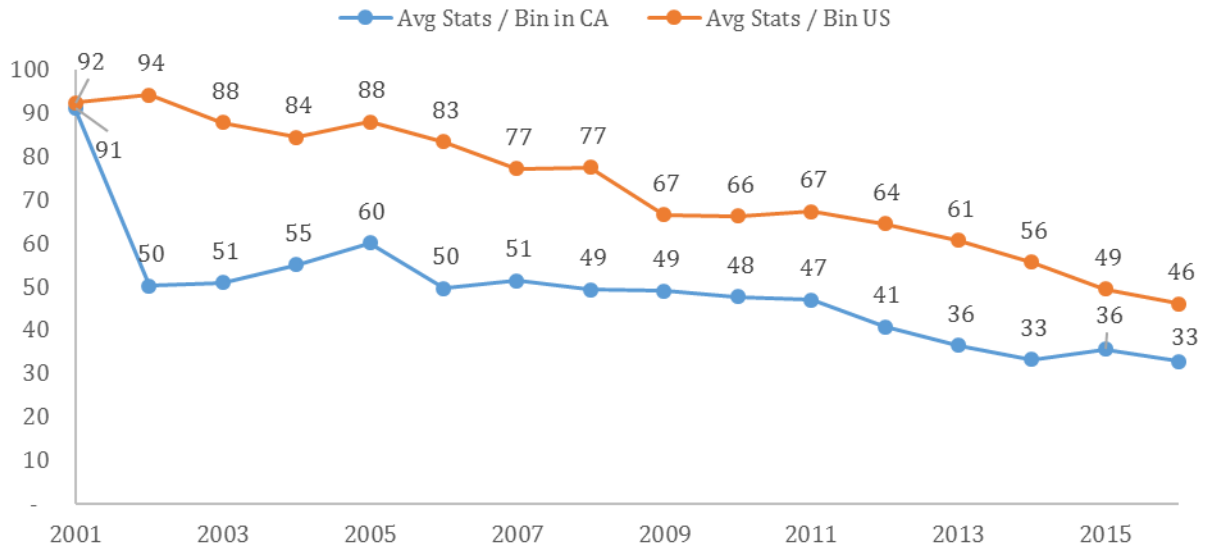

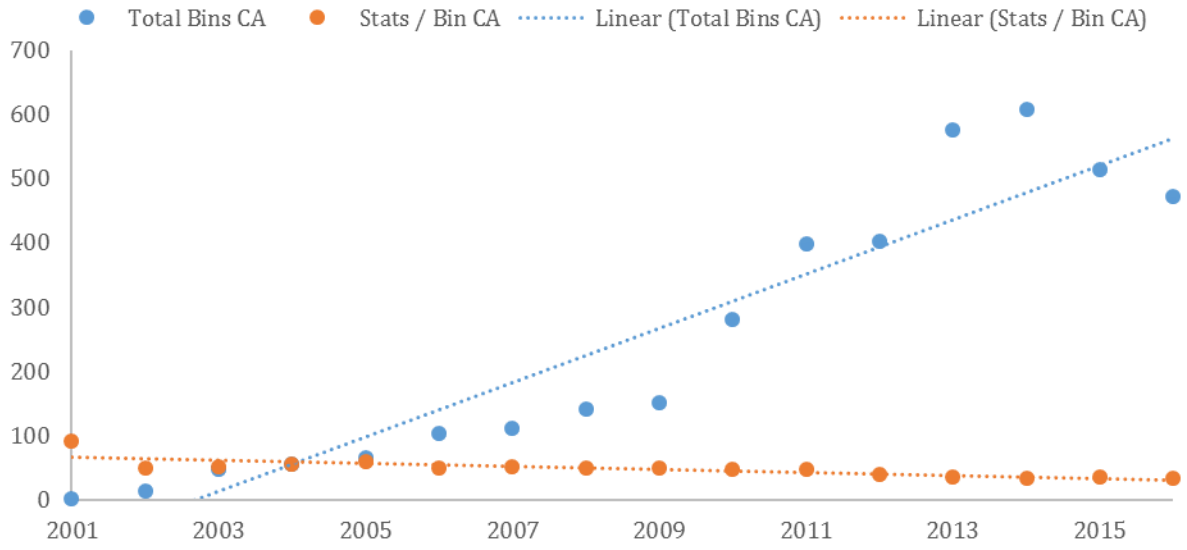

Figure 1.9 plots the total bins returned over time along with the average number of thermostats per bin over the same period to determine a relationship between the two. Since the program started in CA, the number of bins returned per year has increased, peaking in 2014, and declining slightly since. Over the same period, the number of thermostats per bin has decreased steadily from the 2001 high, of 91 thermostats per bin, to 33 thermostats per bin in 2016. Despite the decline in thermostats per bin, the number of thermostats returned has dramatically risen from the 182 returned in the first year of the program because the rate of increase in bin returns has far exceeded the rate of decline in average thermostats per bin.

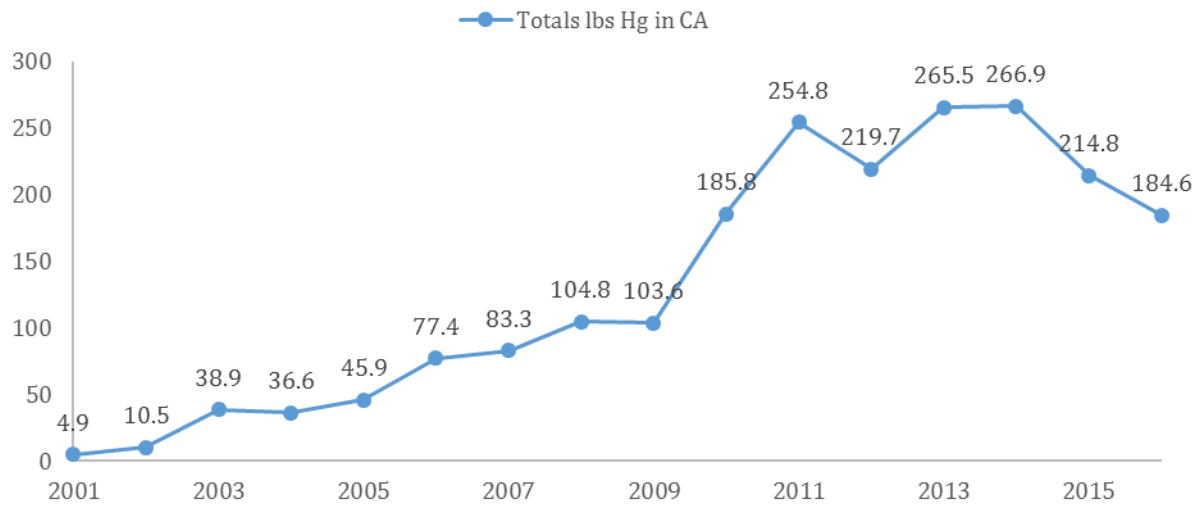

FIGURE 1.9: TOTAL BINS AND AVERAGE NUMBER OF THERMOSTATS PER BIN OVER TIME

EVALUATION AND EFFECTIVENESS

Figure 1.10 displays the total quantity (lbs.) of mercury collected in the state annually. From 2001 to 2009, the quantity of mercury collected rose annually by an average of approximately 11 pounds. Then from 2009 to 2011, the quantity rose on average 50 pounds per year. Since 2011, the quantity of mercury collected per year has stayed above 150 pounds but declined the last two years.

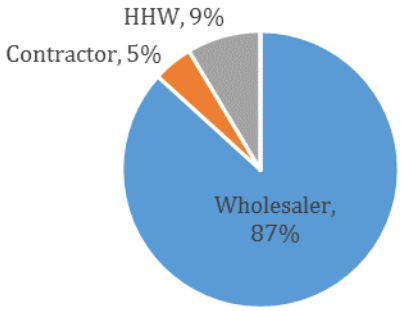

FIGURE 1.10: TOTAL QUANTITY (LBS.) OF MERCURY COLLECTED ANNUALLY

SECTION 2: Channel Partner Analysis

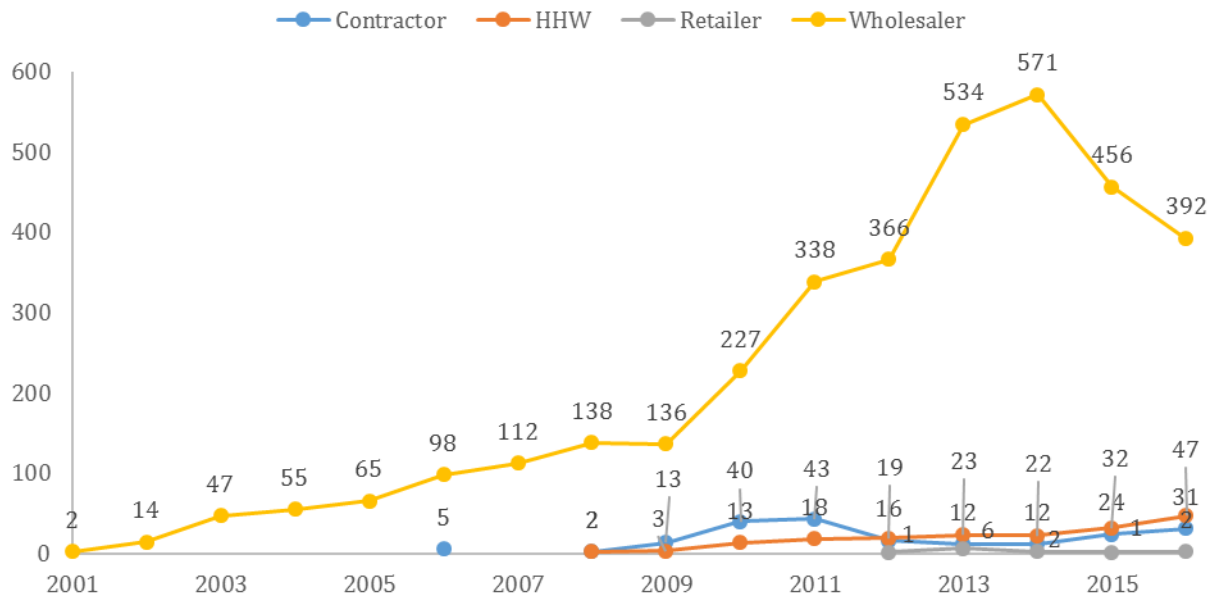

Section 2 of the report examines the partner locations in more detail. Most thermostats collected in the state were through **wholesalers (87%)** with the remaining thermostats collected by **household hazardous waste facilities (9%)**, and **contractors (5%**). Figure 2.1 shows the distribution of thermostats collected by location type in 2016.

FIGURE 2.1: THERMOSTATS COLLECTED BY LOCATION TYPE IN 2016

The number of **bins returned by wholesalers decreased from 456 bins in 2015 to 392 bins in 2016**, yet wholesalers remain by far the most common returner of bins in the state. The number of bins returned by household hazardous waste facilities increased from 32 to 47 bins, and bins returned by contractors increased from 24 to 31 from 2015 to 2016. Figure 2.2 displays the change in the number of bins returned by thermostat collection type over time in the state.

FIGURE 2.2: THERMOSTAT BIN RETURNS BY LOCATION TYPE OVER TIME

In 2016, **51% of the locations that had a bin in the state of CA sent back at least one bin for recycling.** The distribution is displayed in Figure 2.3.

FIGURE 2.3: PERCENTAGE OF STORES RETURNING A BIN IN 2016

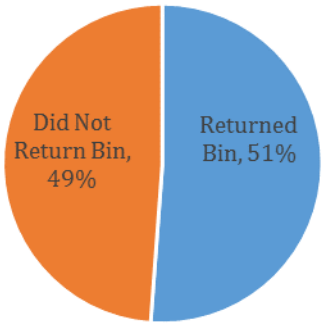

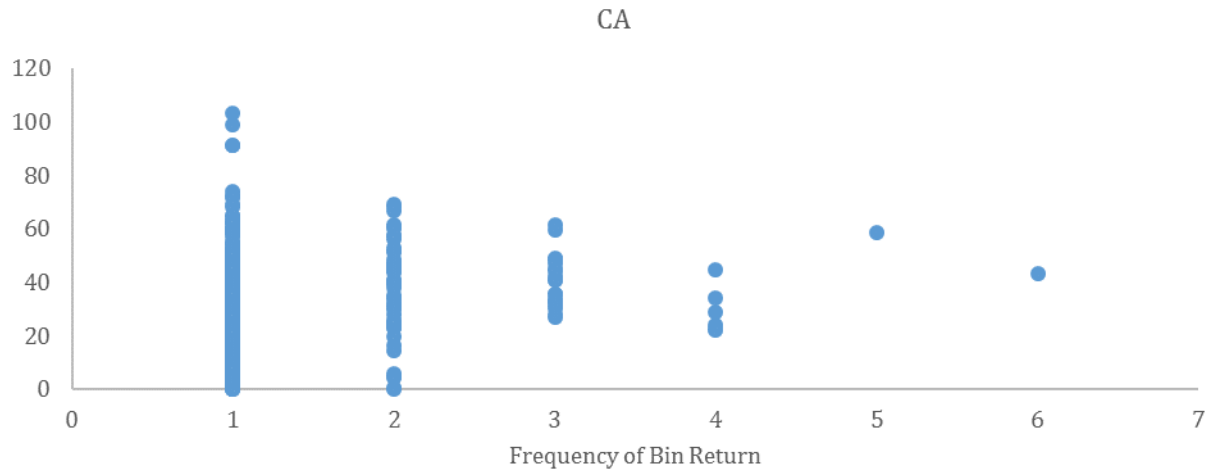

Figure 2.4 is a scatter plot comparing the frequency of bins returned per location and the number of thermostats per bin to determine a correlation between the two variables. For bins returned only once in 2016, the number of thermostats per bin ranged from 0 to 103 thermostats. The range was narrower for bins returned twice, but still sizable from 0 to 69 thermostats per bin. Bins returned 3 and 4 times per year contained a minimum of 20 to 30 thermostats per bin, and a maximum of 45 to 60 thermostats per bin. There is not a statistically meaningful relationship between the number of times a bin was returned and the number of thermostats per bin. Bins returned 4, 5, or 6 times contained more thermostats per bin on average than some bins returned only once.

FIGURE 2.4: CORRELATION OF FREQUENCY OF BINS RETURNED AND NUMBER OF THERMOSTATS PER BIN

An analysis of the top performing counties **Los Angeles (138 bins),** followed by **San Diego (54 bins)** and **Orange (38 bins)** counties returned the greatest number of bins in 2016. The counties with the most thermostats returned in 2016 were also **Los Angeles (4,670), San Diego (1,967thermostats)** and **Orange (1,628 thermostats)**. Figure 2.5 displays the total bins and thermostats returned by county in 2016.

FIGURE 2.5: BINS AND TOTAL THERMOSTATS RETURNED IN 2016 BY COUNTY

County Name	Total T-stats	Total Bins	County Name	Total T-stats	Total Bins
Los Angeles	4,670	138	Marin	97	2

El Dorado	99	2	Del Norte	5	2

U.S. Air Conditioning Distributors (65 bins) returned the highest number of bins in the state in 2016, followed by **Johnstone Supply (60 bins)** and **Refrigeration Supplies Distributor (29 bins).** In addition to the top performers, 12 additional program partners returned 10 or more bins in 2016, and 65 returned less than 10 bins. Figure 2.6 displays the top performing partners in terms of total bins returned in 2016.

FIGURE 2.6. TOP PERFORMING TRC PARTNERS IN THE STATE

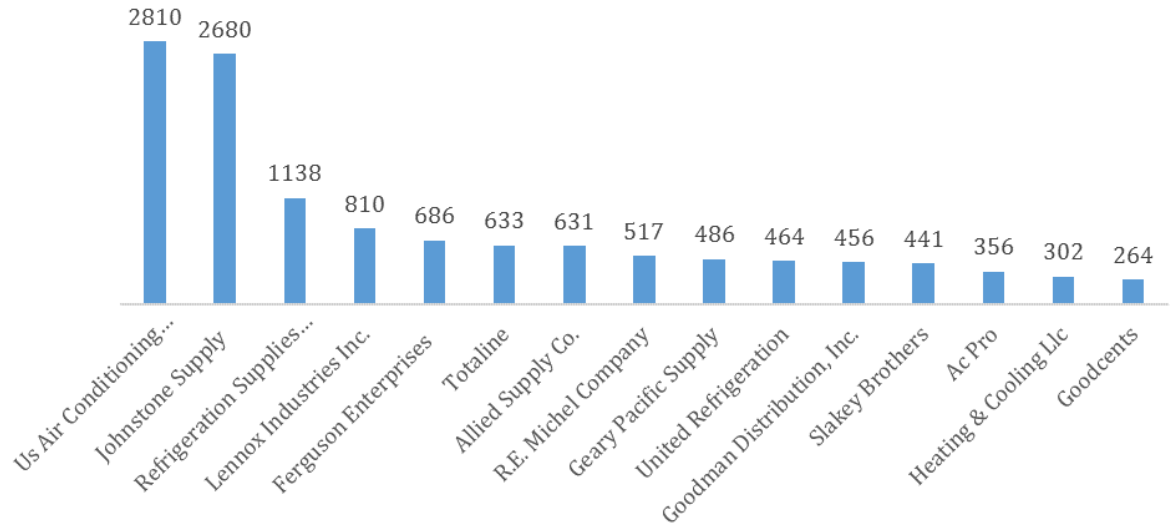

Figure 2.7 displays top performers in a more detail. The figure includes the top performers for the year by each of the following categories: total bins returned, total thermostats returned, and average number of thermostats per bin.

FIGURE 2.7. TOP PERFORMING PARTNERS BY TOTAL BINS, TOTAL THERMOSTATS, AND THERMOSTATS PER BIN

Company Name	No. of Thermostats	No. of Bins	Thermostats / Bin
Us Air Conditioning Distributors, Inc.	2810	65	43
Johnstone Supply	2680	60	45
Refrigeration Supplies Distributor	1138	29	39

Ac Pro	356	12	30
Heating & Cooling LLC.	302	11	27
Goodcents	264	5	53

TRC conducted several activities in 2016 to increase the number of bins and thermostats returned in the state. These activities included site visits and 'miss you' calls to collection locations that may not have participated in the program recently. In 2016, a total of **37 site visits** were conducted in CA and **19 'Miss You' calls** were placed. Figure 2.8 displays the relationship between the number of site visits per month, the bins returned per month, and the number of thermostats (in 100's) returned per month. The number of bins returned varied slightly monthly, and there is no statistically significant relationship between site visits and bins returned.

FIGURE 2.8: RELATIONSHIP BETWEEN SITE VISITS AND BINS AND THERMOSTATS RETURNED PER MONTH

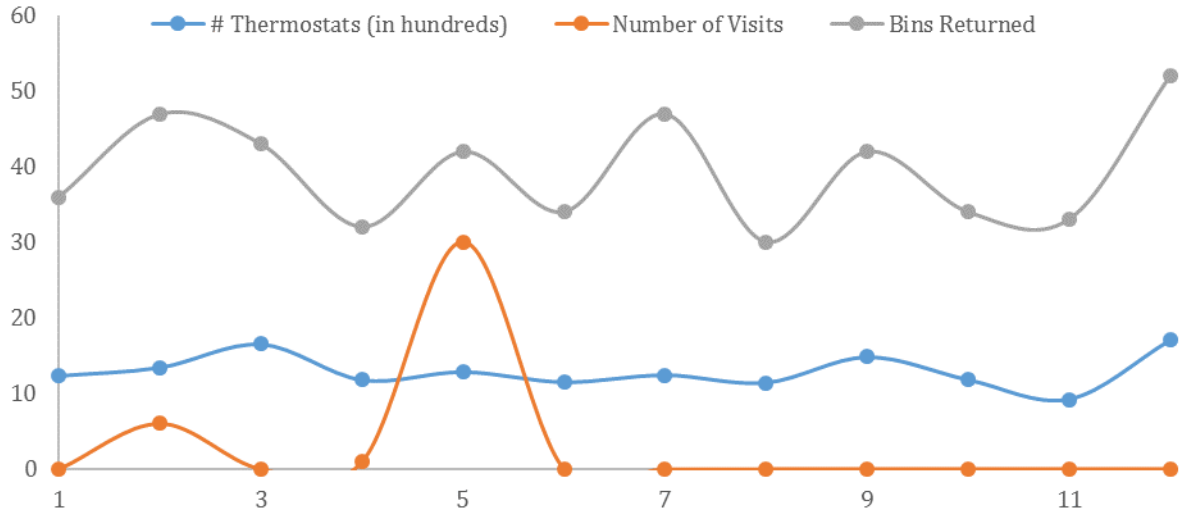

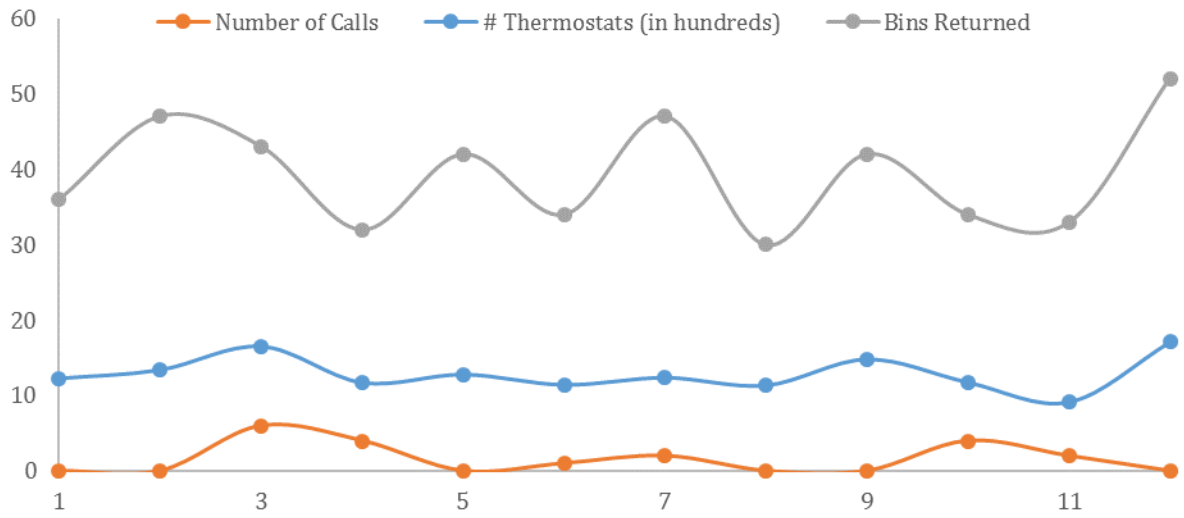

Figure 2.9 displays the relationship between the number of calls, the bins returned, and the number of thermostats (by 100's) returned by month. The oscillating pattern of bins returned does not indicate a correlation between calls and bins returned.

FIGURE 2.9: RELATIONSHIP BETWEEN 'MISS YOU' CALLS AND BINS AND THERMOSTATS RETURNED PER MONTH

SECTION 3: COMPARISONS TO NATIONAL AND OTHER STATE'S DATA

To compare how the state collection partners performed in 2016, the national averages for the number of bins returned per total locations since 2012 was calculated and compared to the state average over the same period. The average numbers of bins include locations that did not return any bins in a given year. It should be noted that when making comparisons each state has different regulations, different mix of housing types, local policies, and incentives that may have a unique impact on returns. Overall, the average number of bins returned per location per year was higher in CA than the US average, and the annual averages are shown in figure 3.1.

FIGURE 3.1: AVERAGE NUMBER OF BINS RETURNED PER LOCATION PER YEAR

Average number of bins returned per year per location	2012	2013	2014	2016	2016
US Average	1.4	1.4	1.6	1.8	1.5
CA Average	2.7	3.8		3.4	1.6

EVALUATION AND EFFECTIVENESS

Figure 3.2 displays the top performing locations in CA since 2013, and Figure 3.3 displays the top partners in the US over the same period by number of bins returned. US Air Conditioning Distributors, Johnstone Supply, and Refrigeration Supplies Distributor have consistently been the top 3 performers in the state since 2013. United Refrigeration, Johnstone Supply, R.E. Michel Company, and Ferguson Enterprises are top performers on both the state and the national lists.

Figure 3.4 displays the total percentage of locations per state and for the entire US with a bin that participated in the program in 2016 (participation is defined as sending back at least one bin). In 2016**, 51% of the locations in CA returned a bin** compared to a **national average of 44%.** The state with the highest percentage of locations returning a bin in 2016 was RI (74%).

FIGURE 3.4: PERCENTAGE OF LOCATIONS RETURNING A BIN IN 2016

EVALUATION AND EFFECTIVENESS

Figure 3.5 compares the state and national rates for several analytics in 2016. These include: total whole thermostats, bins, and loose switches collected, number of thermostats collected by total locations and per participating location, number of thermostats per bin returned on average in 2016, the equivalent average, the number of mercury thermostat equivalents returned in 2016 and finally the percent change in mercury thermostat conversion from 2015 to 2016. The equivalent average is an average of the number of switches in whole thermostats collected in the state, and it is used to calculate the number of thermostats represented by returned loose switches. The thermostat equivalent number includes the totals of whole thermostats returned plus the number of thermostats estimated from loose switches.

Appendix 6: Consent Order

STATE OF CALIFORNIA
ENVIRONMENTAL PROTECTION AGENCY
DEPARTMENT OF TOXIC SUBSTANCES CONTROL

In the Matter of: Bard Manufacturing Company, Inc.; Burnham Holdings, Inc.; Carrier Corporation; Chromalox; Crane; Daikin Applied [McQuay International]; Climate Master, Inc.; Empire Comfort Systems; General Electric Corporation; Goodman Global, Inc.; Honeywell International Inc.; Hunter Fan Company; Invensys, Inc.; ITT Corporation; Johnson Controls; Lear Siegler; Lennox International Inc.; Lux Products; The Marley-Wylain Company; Nordyne Corporation; PSG Controls, Inc.; Rheem Manufacturing Company; Sears Holdings; Thomas & Betts Corporation; TPI Corporation; Trane Residential Systems; Uponor, Inc.; Vaillant Corporation; W. W. Grainger; and White-Rodgers Respondents	Docket HWCA CONSENT ORDER Health and Safety Code Section 25187, and 25214.8.17

INTRODUCTION

1.1 Parties. The Parties to this Consent Order ("Order") are the State Department of Toxic Substances Control (Department) and Bard Manufacturing Company, Inc.; Burnham Holdings, Inc.; Carrier Corporation; Chromalox; Crane; Daikin Applied [McQuay International]; Climate Master, Inc.; Empire Comfort Systems; General Electric Corporation; Goodman Global, Inc.; Honeywell International Inc.; Hunter Fan Company; Invensys, Inc.; ITT Corporation; Johnson Controls; Lear Siegler; Lennox International Inc.; Lux Products; The Marley-Wylain Company; Nordyne Corporation; PSG Controls, Inc.; Rheem Manufacturing Company; Sears Holdings; Thomas & Betts Corporation; TPI Corporation; Trane Residential Systems; Uponor, Inc.; Vaillant Corporation; W. W. Grainger; and White-Rodgers (collectively, Respondents).

1.2. Definition of Manufacturer. California Health and Safety Code section 25214.8.11, subdivision (a) defines a Manufacturer "as a business concern that owns or owned a name brand of mercury-added thermostats sold in this state before January 1, 2006." Each Respondent has been identified by the Department as a Manufacturer.

1.3. Definition of Program. California Health and Safety Code section 25214.8.11, subdivision (a) defines a Program as "a system for the collection, transportation, recycling, and disposal of out-of-service mercury-added thermostats that is financed, as well as managed or provided, by a manufacturer or collectively with other manufacturers."

1.4. Exhibits. All exhibits attached to this Order are incorporated herein by this reference.

1.5. Actions Challenging Order. In the event that a third party brings an action against the Department that challenges the legality of this Order, or that could result in the nullification or modification of this Order, the Department shall promptly notify the Respondents in accordance with the notice procedures herein.

VIOLATIONS ALLEGED

2.1. California Health and Safety Code section 25214.8.12, subdivision (a), subparagraph (1) requires a Manufacturer to maintain a Program to collect out-of-service mercury-added thermostats. California Health and Safety Code section 25214.8.12, subdivision (a), subparagraph (2) allows a Manufacturer to establish a Program individually or collectively with other Manufacturers. To fulfill these obligations, each Respondent has chosen to utilize its membership in the Thermostat Recycling Corporation (TRC), a non-profit stewardship organization founded in 1998 that facilitates and manages the collection and disposal of out-of-service mercury-added thermostats.

2.2. California Health and Safety Code section 25214.8.17, subdivision (b), subparagraph (1) required the Department to establish through regulation performance requirements that specify collection rates expressed as a percentage of out-of-service mercury-added thermostats becoming waste annually. The performance requirements are specified in California Code of Regulations, title 22, section 66274.5, subsection (a), which became effective on July 1, 2013. The Mercury Thermostat Collection Act of 2008 (MTCA), California Health and Safety Code, Chapter 6.5, Article 10.2.2, does not mandate the removal of mercury-added thermostats from buildings, but rather focuses on the establishment and maintenance of a collection, transportation, recycling and disposal program of the maximum feasible number of out-of-service mercury-added thermostats.

2.3. Pursuant to California Health and Safety Code section 25214.8.13, subdivision (i) and

the California Code of Regulations, title 22, section 66274.8, Respondents are required to submit an annual report to the Department that includes a description of how they have operated the Program, an evaluation of the effectiveness of the Program, an accounting of the costs of the Program, and modifications the Manufacturers are proposing to make to the Program, if any. Pursuant to California Code of Regulations, title 22, section 66274.8, subsection (a), the annual report is required to include a listing of all Manufacturers that are represented in the Program that historically produced mercury-added thermostats and sold them in California. To fulfill these obligations, TRC submitted (a) its 2013 Annual Program Report for California to the Department on or about March 28, 2014; and (b) its 2014 Annual Program Report for California on or about March 31, 2015.

2.4. After reviewing the 2013 Annual Program Report that was submitted by TRC on behalf of the Respondents, the Department issued a summary of violation (the 2013 SOV) on or about July 3, 2014, to each Respondent alleging, inter alia, that the Respondent had failed (a) to meet the performance requirement for 2013 and (b) to propose enhancements sufficient to meet the performance requirements for 2014.

2.5. Respondents have filed responses to the 2013 SOV contesting its allegations on a number of factual and legal grounds.

2.6. After reviewing the 2014 Annual Program Report that was submitted by TRC on behalf of the Respondent, the Department issued a summary of violation (the 2014 SOV) on or about June 9, 2015 to each Respondent alleging, inter alia, that the Respondent had failed (a) to meet the performance requirement for 2014 and (b) to propose enhancements sufficient to meet the performance requirements for 2015.

2.7. Respondents have filed responses to the 2014 SOV contesting its allegations on a number of factual and legal grounds.

2.8. The Parties wish to avoid the uncertainty and expense of administrative and/or judicial proceedings that would be necessary to resolve the 2013 and 2014 SOVs. In addition, the pilot programs and program enhancements required by this Order will yield data over the next several years that will assist the Respondents in identifying means of increasing the number of out-of-service mercury-added thermostats collected.

2.9. Jurisdiction exists pursuant to Health and Safety Code sections 25187 and 25214.8.17. California Health and Safety Code section 25214.8.17, subdivision (a) authorizes the Department to order a Manufacturer, or a group of Manufacturers operating a Program, to revise its Program and to undertake actions to comply with California Health and Safety Code, Chapter 6.5, Article 10.2.2, MTCA. California Health and Safety Code section 25187 authorizes the Department to order action necessary to correct violations and assess a penalty when the Department determines that any person has violated specified provisions of the Health and Safety Code or any permit, rule, regulation, standard, or requirement issued or adopted pursuant thereto.

2.10. Respondents waive any right to a hearing in this matter.

2.11. This Order shall constitute full settlement of all violations alleged in the 2013 and 2014 SOVs.

2.12. This Order does not (a) limit the Department from taking appropriate enforcement action concerning any unrelated violations of the California Health and Safety Code, Chapter 6.5 or its implementing regulations; (b) limit the Department from taking appropriate enforcement action of any future violations of the California Health and Safety Code, Chapter 6.5 or its implementing regulations; or (c) limit the Department's ability to pursue any available remedy for breach of this Order. Respondents reserve the right to assert any and all statutory, regulatory and common law rights and defenses to any alleged breach of this Order. Nothing in this Order, including but not limited to, the penalty provisions contained or referenced herein, shall constitute an acknowledgment or admission of liability by any Respondent, and each Respondent expressly denies any liability or wrongdoing in connection with the allegations contained in the 2013 and 2014 SOVs.

PENALTY

3. Based on the foregoing DETERMINATION OF VIOLATIONS, the Department sets the Respondents' penalty at $750,000. Payment is due within thirty (30) days from the effective date of the Order. Respondents' checks shall be made payable to the Department of Toxic Substances Control, and shall identify each Respondent and Docket Number, as shown in the heading of this Order. Respondents shall deliver the penalty payment to:

Department of Toxic Substances Control
Accounting Office
1001 I Street, 21st Floor
P.O. Box 806
Sacramento, CA 95812-0806

A photocopy of the check shall be sent to the Department contact person identified in Paragraph 5.1.

RESPONDENTS' PLAN FOR COMPLIANCE

4. Respondents shall conduct all of the actions detailed in Exhibit B in accordance with the schedule set forth therein:

SUBMITTALS

5.1. Notice. All submittals from Respondents pursuant to this Consent Order shall be sent to:

Mr. Donn Diebert, Chief
Implementation Unit
Policy and Program Support Division
Hazardous Waste Management Program
Department of Toxic Substances Control
1001 I Street
P.O. Box 806
Sacramento, California 95812-0806

Within thirty (30) days of the Effective Date, each Respondent shall provide the Department with the name and address of a contact person to whom all notices pursuant to this Consent Order shall be sent.

5.2. Communications. All approvals by the Department of the Plans required by this Order and other decisions of the Department made regarding submittals shall be communicated to Respondents in writing by a Branch Chief, Hazardous Waste Management Program, Department of Toxic Substances Control, or his/her designee. Except as otherwise provided herein, no informal advice, guidance, suggestions, or comments by the Department regarding reports, work plans, schedules, or any other correspondence by Respondents shall be construed to relieve Respondents of their obligation to obtain such formal approvals as required by this Order.

5.3. Department Review of Submittals. Within sixty (60) days after receipt of any plan, report, data, request, or other item that is submitted or required to be submitted, or revised and resubmitted, to the Department for approval pursuant to this Order, the Department shall in writing:

(a) approve the submission; (b) approve the submission upon specified conditions; (c) approve part of the submission, which part may be implemented by Respondents, and disapprove the remainder; or (d) disapprove the complete submission. In the event of disapproval of any portion of the submission, the Department shall include a statement of the reasons for such disapproval in its response and provide an appropriate extension date for the Respondents to address such disapproval. Respondents may dispute the Department's disapproval by invoking the dispute resolution procedures described in Paragraph 16 herein.

OTHER PROVISIONS

6. Compliance with Applicable Laws. Respondents shall carry out this Order in compliance with all local, state, and federal requirements, including but not limited to requirements to assure worker safety and requirements related to hazardous waste management.

7. Data and Document Availability. Respondents shall permit the Department and its authorized representatives to inspect and copy all data generated by Respondents or on Respondents' behalf in any way pertaining to work undertaken pursuant to this Order. Respondents shall maintain a central depository of the data, reports, and other documents prepared pursuant to this Order. All such data, reports, and other documents shall be preserved by Respondents for a minimum of six years after the conclusion of all activities under this Order. If the Department requests that some or all of these documents be preserved for a longer period of time, Respondents shall comply with that request, deliver the documents to the Department, or permit the Department to copy the documents prior to destruction. Respondents shall notify the Department in writing at least six (6) months prior to destroying any documents prepared pursuant to this Order.

8. Government Liabilities. The State of California shall not be liable for injuries or damages to persons or property resulting from acts or omissions by Respondents or related parties specified in Exhibit B, et seq., in carrying out activities pursuant to this Order, nor shall the State of California be held as a party to any contract entered into by Respondents or its agents in carrying out activities pursuant to this Order.

9. Incorporation of Plans and Reports. All plans, schedules, and reports that are submitted by Respondents and approved by the Department pursuant to this Order are incorporated in this

Order.

10. Extension Requests. If Respondents are unable to perform any activity or submit any document within the time required pursuant to this Order, Respondents may, prior to expiration of the time, request an extension of time in writing. The extension request shall include a justification for the delay.

11. Extension Approvals. If the Department determines that good cause exists for an extension, it will grant the request and specify in writing a new compliance schedule. "Good cause" shall include delays by the Department in completing its review of and response to submittals by Respondents to the extent that future deadlines are impacted as specified in the schedule. Respondents shall comply with the new schedule specified by the Department, which shall be incorporated by reference into this Order.

12. Additional Enforcement Actions. By agreeing to this Order, the Department does not waive the right to take further enforcement actions against the Respondents, except to the extent inconsistent with this Order. In addition to any other factor the Department may consider in assessing penalties for noncompliance, in accordance with Section 66272.68, Title 22, California Code of Regulations, in considering penalties for failing to collect sufficient thermostats in any future year, the Department will consider the manufacturers' cooperation and efforts in achieving compliance and carrying out their responsibilities and obligations in accordance with this Order. Cooperation in achieving compliance is the standard and all necessary good faith efforts to collect the required number of thermostats must be made.

13. Penalties for Noncompliance. Respondents' failure to comply with the terms of this Order may subject Respondents to civil penalties and liability for any costs incurred by the Department as a result of such failure. Following the Department's determination that Respondents have failed to comply with a requirement of the Order, the Department shall give Respondents written notification of the violation and describe the factual and legal circumstances constituting noncompliance. The Department may send Respondents a written notice of noncompliance with an opportunity to cure by a date designated by the Department in lieu of a written demand for the payment of penalties. Respondents may dispute any finding of noncompliance by invoking the

dispute resolution procedures described in Paragraph 16. Respondents reserve all of their rights and defenses with respect to any effort by the Department to impose penalties or seek reimbursement of costs for violations of this Order.

14. Parties Bound. This Order shall apply to and be binding upon the signing Respondents and its officers, directors, agents, receivers, trustees, employees, contractors, consultants, successors, and assignees, including but not limited to individuals, partners, and subsidiary and parent corporations, and upon the Department and any successor agency that may have responsibility for and jurisdiction over the subject matter of this Order.

15. Time Periods. "Days" for purposes of this Order means calendar days.

16. Dispute Resolution Procedure. The parties agree to use their best efforts to resolve all disputes on an informal basis. However, if any of the named Respondents disagree with any written decision or action by the Department pursuant to this Order, Respondents shall orally notify the Department Project Coordinator(s) of the dispute. The Project Coordinator(s) shall attempt to resolve the dispute informally.

16.1. If the Project Coordinator(s) cannot resolve the dispute informally, Respondents may submit written objection to the Chief, Policy and Program Support Division, or his or her designee, with a copy to the Department's Project Coordinator, within fourteen (14) days of receipt of the Department's written decision. The written objection must set forth the specific points of the dispute and the basis for Respondents' position.

16.2. The Department and Respondents shall have fourteen (14) days from receipt of Respondents' written objection of the Department's decision to resolve the dispute through formal discussions with the Department's Deputy Director, Hazardous Waste Management Program. The Department may agree to extend this period in writing.

16.3. Upon the conclusion of the formal discussion period described in Paragraph 16.2 above, the Department shall provide Respondents with its written decision on the dispute, which shall constitute a final agency decision The Department's written decision shall reflect any agreements reached during the dispute resolution period and be signed by the Deputy Director or his or her designee.

16.4. During the pendency of any dispute resolution proceedings initiated under this Paragraph, set forth above, the time periods for completion of work to be performed under this Order that are affected by such dispute shall be extended for a period of time not to exceed the actual time taken to resolve the dispute. The existence of a dispute shall not excuse, toll, or suspend any other compliance obligation or deadline required pursuant to this Order except to the extent that such other compliance obligation or deadline is dependent upon the resolution of the matter which is the subject of Dispute Resolution under this Order, in which case the time periods for completion of such other compliance obligations or deadlines required pursuant to this Order that are affected by such Dispute Resolution shall be extended for a period of time not to exceed the actual time taken to resolve the dispute.

16.5. Penalties assessed by the Department against Respondents for noncompliance with this Order shall accrue but shall not become due and payable until the conclusion of the dispute resolution.

17. Effective Date. The Effective Date of this Order is the date it has been signed by the Department. This Order shall remain in effect until Respondents have complied with all parts of this Order.

18. Integration. This Order and its Exhibits constitutes the entire agreement between the parties and may not be amended, supplemented, or modified, except as provided in this Order.

19. Notices under this paragraph are subject to Paragraph 5.0.

20. This Order may be executed in counterparts.

21. Force Majeure. Any event that is beyond the reasonable control of Respondents and that prevents timely performance of any obligation under this Order, despite Respondents' best efforts to fulfill that obligation, is a *force majeure* event. In exercising its best efforts, Respondents must anticipate any potential *force majeure* event and address the effects of such event as it is occurring and, following such event, minimize any delay to the greatest feasible extent. *Force majeure* does not include financial inability to fund or complete the obligations required by this Order.

Attachment
Exhibit A – List of Potential Program Participants
Exhibit B – Respondents' Plan for Compliance

EXHIBIT A
List of Potential Program Participants

List of potential program participants in California that may be generators or handlers of mercury-added thermostats.

1. Household Hazardous Waste Collection Facilities
2. HVAC contractors
3. Demolition contractors
4. General contractors
5. Local building departments
6. Utility companies
7. School districts
8. Property management companies of multi-family housing developments
9. Property management companies of commercial/industrial properties
10. Hotel/motel managers and maintenance companies
11. Consumers
12. Retailers
13. Universities and Colleges
14. Any other group who may handle mercury-added thermostats

EXHIBIT B
Respondents' Plan For Compliance

RESPONDENTS' PLAN FOR COMPLIANCE

B-1. Respondents shall conduct each of the following actions in accordance with the schedule set forth in this Exhibit:

B-1.1. TRC staff designation.

B-1.1.1. Within sixty (60) days of the Effective Date of this Order, Respondents shall designate and fill a position within TRC to oversee its California operations and Respondents' compliance with this Order.

B-1.1.2. Within five (5) days after the position has been filled, Respondents shall provide the Department with the name and contact information for the individual hired by TRC to perform this function, in accordance with the Notice provisions in Paragraph 5.1.

B-1.2. Consultants.

B-1.2.1. Within thirty (30) days of the Effective Date of this Order, Respondents shall secure consultative services to, at a minimum, develop the draft Outreach Plan described in Paragraph B-1.3.1., the draft Pilot Project Plan described in Paragraph B-1.4.1., and the Program Modifications described in Paragraph B-1.5.1.

B-1.2.2. Within five (5) days of securing the consultant, Respondents shall provide the Department with the name of the consultant and contact information for the consultant, in accordance with the Notice provisions in Paragraph 5.1.

B-1.3. Outreach Plan.

B-1.3.1. Within ninety (90) days of the Effective Date of this Order, Respondents shall develop and submit to the Department for its review and approval a draft Outreach Plan. The goal of the plan is for the Respondents to make contact with persons, entities or businesses that may generate or collect mercury–added thermostats (at a minimum, the list in Exhibit A) for purposes of increasing Program participation so that the number of collected mercury-added thermostats increases. The activities in the Outreach Plan shall be designed to provide education about the Respondents' collection program and to engage and secure the participation of additional Program participants from the potential Program participant groups listed in Exhibit A. The outreach

activities described in the Plan are to include provision of materials and program engagement tools developed for each potential Program participant and outreach timelines for each participant, and must seek the placement of additional bins to collect mercury-added thermostats from the identified Program participants. The draft Outreach Plan shall include a proposed implementation schedule which shall begin no later than sixty (60) days after submittal of the draft plan to the Department.

B-1.3.2. No later than sixty (60) days after submittal of the draft Outreach Plan to the Department, or upon approval of the plan by the Department, whichever occurs first, unless directed otherwise by the Department, the Respondents shall implement the plan in accordance with the provisions and schedule specified therein. The number and location (by street address) of any additional bins placed as a result of the Respondents' outreach activities shall be reported as part of the Respondents' monthly report on the progress of implementation of the Outreach Plan in accordance with Paragraph B-1.10. Respondents may terminate outreach efforts with any potential Program participant group identified in the approved Outreach Plan upon providing an explanation satisfactory to the Department for doing so. The Department's decision approving or disapproving the requested termination of outreach efforts shall be communicated to Respondents in writing and shall set forth the reasons therefor. Any other proposed modifications to the approved Outreach Plan shall be submitted to the Department in writing for its consideration and approval.

B-1.4. Pilot Project Plan.

B-1.4.1. Within ninety (90) of the Effective Date of the Order, Respondents shall develop a Pilot Project Plan that includes a sufficient variety and number of pilot projects designed to assess the effectiveness of the use of monetary and other incentives to increase Program participation and the number of mercury-added thermostats collected. The Pilot Project Plan shall be informed by the results of Respondents' implementation of its Outreach Plan to the extent practicable. The Plan shall include a reasonable assortment of pilot projects that assess the use of monetary and nonmonetary incentives of different values with different program participants, and may differentiate the timing of the receipt of the incentive (immediate versus delayed). Examples of possible pilot projects include: (a) a cash payment or purchase price discount for large HVAC

contractors eligible to receive a TRC collection box (those with seven or more technicians); (b) a cash payment or purchase price discount for consumers on any item purchased at the retail location for every mercury-added thermostat returned; or (c), a cash payment for each mercury-added thermostat submitted to household hazardous waste collection facilities. The Pilot Project Plan shall also include a proposed schedule for implementation of the pilot projects described therein which shall begin no later than sixty (60) days after submittal of the draft plan to the Department. The pilots specified in this subsection shall continue for a minimum of one year, to take into account any seasonal changes associated with mercury-added thermostat replacements.

B-1.4.2. No later than sixty (60) days after submittal of the draft Pilot Project Plan to the Department, or upon approval of the plan by the Department, whichever occurs first, unless directed otherwise by the Department, Respondents shall implement the Pilot Project Plan in accordance with its provisions and schedule. Within ninety (90) days of the completion of all activities described in the approved Pilot Project Plan, the Respondents shall submit a report describing the results of each of the pilot projects undertaken pursuant to the Pilot Project Plan and indicating which, if any, of the pilot projects will continue in conjunction with Program Modifications implemented under Paragraph B-1.5.

B-1.5. Program Modifications.

B-1.5.1. Within two hundred and forty (240) days of the Effective Date of the Order, Respondents shall develop and submit to the Department for its review and approval a draft Program Modification Plan that includes specific proposals to modify the Program, taking into consideration information and data gathered as a result of implementation of the Pilot Project Plan and the Outreach Plan, to the extent such data are available. For each proposed modification, the Respondents shall include in the draft Program Modification Plan the specific data or information the proposed modification is based on, as well as the anticipated impact on mercury-added thermostat collections. For any element of the Respondents' existing Program that is proposed to remain unchanged, the Respondents shall include in the draft Program Modification Plan the specific data or information that supports the continuation of the Program element without change. The draft

Program Modification Plan shall also identify the data and information that the Respondents will collect to assess the effectiveness of each Program modification in yielding increased Program participation and mercury-added thermostat collections. The draft Program Modification Plan shall include a proposed schedule for the Respondents to implement the identified modifications which shall begin no later than sixty (60) days after submittal of the draft plan to the Department.

B-1.5.2. No later than sixty (60) days after submittal of the proposed Program Modifications to the Department, or upon approval of the plan by the Department, whichever occurs first, unless directed otherwise by the Department, Respondents shall commence implementation of the proposed Program Modifications in accordance with its provisions. Respondents shall ensure that adequate resources are available to implement the approved Plan. The Respondents shall submit quarterly reports detailing their progress in implementing the Plan.

B-1.5.3 Respondents shall amend its Program from time to time, or as directed by the Department, as necessary to incorporate program enhancements that are informed by data collected pursuant to this Order and any other pertinent data, including the results of the outreach efforts and the pilot projects that were determined to contribute to the increased collection of mercury-added thermostats in California.

B-1.5.4. Nothing in this Order prevents or precludes any or all of the Respondents from submitting data at any time, including any data collected in carrying out the requirements of this Order and any other pertinent data, to the Department pursuant to California Code of Regulations, title 22, section 66274.4(b) requesting a modification of the performance requirements and/or the estimated number of mercury-added thermostats becoming waste annually, which request shall be timely considered by the Department.

B-1.6. Quarterly Reports. Respondents shall submit a report thirty (30) days after the end of every quarter on the number of mercury-added thermostats collected in the preceding quarter, the Program element or Program participant to which the collected thermostats are attributed, the Contractor State License number (if provided) for those bringing thermostats to the collection bins, the number and location (by street address) of the collection bins (including the total number of

additional bins placed since the prior quarterly report), and progress in implementing the Program Modification Plan as required in Paragraph B-1.5.2.

B-1.7. Public Input. The Department shall make any draft Plans submitted by Respondents pursuant to this Order available to the public immediately upon receiving the Plans. Nothing in this Order prevents the Department from incorporating any comments or feedback it receives from the public regarding the draft Plans into its review and approval process for the Plans in accordance with Paragraph 5.3 of this Order. Nothing in this paragraph prevents or precludes Respondents from invoking the dispute resolution provisions in Paragraph 16 if the Department requires incorporation of any such comments over Respondents' objection.

B-1.8. Non-Program Collections. For purposes of counting the mercury-added thermostats that are attributed to the Respondents towards the regulatory collection requirement, the Respondents may request the Department to allow inclusion of mercury-added thermostats that were that were not collected by TRC or other entities that are direct Program participants. Any such request by Respondents shall include the rationale for giving credit to Respondents for these mercury-added thermostats collected by third parties, and shall demonstrate that the thermostats would not have been collected but for the efforts of one or more of the Respondents.. The Department shall evaluate any such request made by the Respondents and shall communicate its decision in writing to the Respondents within thirty (30) days of such request unless the Department notifies the Respondents that additional time is required for its response. The Department shall explain the basis for its decision in the written communication with the Respondents.

B-1.9. California Expenditures. In addition to expenditures reported to the Department in accordance with California Health and Safety Code section 25214.8.13, subdivision (i), Respondents shall in the annual report account for and report on the total amount of expenditures that were made in connection with the Program in California for the year covered by the report, including those expenditures in developing and implementing the Outreach Plan, the Pilot Project Plan and the Program Modification Plan. The expenditures included in the annual report and attributed to California's collection program may include a portion of the costs incurred by TRC on a

national basis so long as the amount is a reasonable estimate of the portion of the national costs that are attributable to implementation of the national collection program in California. The annual report may include expenditures by TRC as well as those made individually by the Respondents.

B-1.10. Early Actions and Additional Activities. Upon the Effective Date of the Order and continuing at least through the date upon which implementation of the Program Modification Plan is scheduled to commence, the TRC Project Manager designated pursuant to Paragraph B-1.1, and/or the consultant retained in accordance with Paragraph B-1.2, shall meet with the Department at least once monthly, or such alternate period as the Department and the TRC Project Manager may agree, to report on the progress of implementation of the Outreach Plan and Pilot Project Plan, and to discuss information that Respondents have gathered in the course of implementation of these plans that would support potential modifications or enhancements to the collection program. The monthly meetings with the Department shall also include discussion of possible modifications to the program that could be implemented prior to the development of the Program Modification Plan required pursuant to Paragraph B-1.5. Respondents agree to implement at the earliest practicable time any such "early actions" that are determined by the Department, in consultation with Respondents and the TRC Project Manager, to be likely to result in increased collections. Any proposed modifications to the approved plans shall also be submitted to the Department in writing for its consideration and approval. Nothing herein shall preclude Respondents from conducting additional activities not otherwise specified in the approved plans during the 2015 and 2016 calendar years or thereafter to contribute to achievement of the performance requirements identified in California Code of Regulations, title 22, section 66274.5.

B-1.11. The Department Cost Reimbursement. Within forty five (45) days of the Effective Date of the Order, Respondents shall enter into a Cost Reimbursement Agreement with the Department pursuant to which Respondents agree to reimburse the Department for its costs incurred in overseeing the implementation of this Order and for conducting certain activities on behalf of the Program that are conducted solely for the purpose of increasing Program participation and mercury-added thermostat collections, as specified in a Scope of Work that shall be included as

an exhibit to the Cost Reimbursement Agreement. The Department's level of effort in performing this oversight function, and Respondent's obligation to reimburse the Department, shall correspond to the cost of one full-time equivalent employee (1.0 FTE), at the Environmental Scientist level, annually for the duration of the period the Cost Reimbursement Agreement is in effect. At any time during the period the Cost Reimbursement Agreement is in effect, Respondents may request a review and modification of the Department's level of effort and the identified Scope of Work in accordance with the provisions of the Cost Reimbursement Agreement. The types of costs that shall be reimbursable include, but are not limited to: (a) the cost of reviewing and approving the deliverables specified in this Order; (b) the Department's costs (travel costs, per diem costs and time) in assisting the Respondents in interacting with Program participants and potential Program participants; (c) the Department's costs (travel costs, per diem costs and time) in interacting directly with Program participants and potential Program participants; and (d) participating with and providing feedback to the Respondents in the meetings that are to be scheduled in accordance with the terms of this Order ("Department's Oversight Costs"). The Department shall keep accurate books and accounts of the Department's Oversight Costs, and such books and accounts may be audited by Respondents upon written request. The Department shall semi-annually submit to Respondents an invoice for the Department's Oversight Costs, and only invoice Respondents for its actual costs. If Respondents disagree with an invoice, or a specific line item on an invoice, they may invoke the dispute resolution provisions in Paragraph 16 of the Order. Respondents shall, within thirty (30) calendar days of the invoice date, unless the Respondents have invoked Paragraph 16 (Dispute Resolution Procedure) before this thirty (30) day period has passed, remit a check for the full invoiced amount made payable to the Department of Toxics Substance Control. The remitted check shall also reference the Docket Number of this Order.

Group B Outreach & Pilot Plan For the Collection of Mercury-Containing Thermostats in California

Presented to
California Department of Toxic Substances Control
(DTSC)

Prepared by
Thermostat Recycling Corporation
500 Office Center Drive, Suite 400
Fort Washington, PA 19034

February 7, 2017

Thermostat Recycling CORPORATION
an industry-funded non-profit

As required by the State of California's Consent Order, signed by DTSC on February 10, 2016, and on behalf of the 25 signatories to that Consent Order, the TRC is pleased to submit this Group B Outreach and Pilot Plan document for your consideration and review.

Background

In implementing the principal Outreach Plan and Pilot Plan as approved by the DTSC in October 2016, the DTSC and the TRC agreed to categorize the full array of consent Order "audiences" into three groups. Group A includes those audiences most likely to yield success in collecting and properly disposing of out-of-service mercury-containing thermostats. These include HVAC contractors and retailers among others. TRC continues to give this group top priority

The second two groups, Groups B and C, include audiences deemed by both DTSC and TRC to be less likely to yield success in collecting mercury-containing thermostats. These are being given a lower priority. That said, it was agreed by DTSC that while primary focus be given to Group A, the TRC and its contractors would also look for the revelation of any opportunities within the Group B and C audiences, that would strengthen its Group A efforts and its overall efforts to successfully collect and properly dispose of out-of- service mercury-containing thermostats. This action was described as a scoping exercise. The TRC is required by the Consent Order to prepare and deliver to DTSC an Outreach Plan and Pilot Plan for the Group B audiences, based on lessons learned from this scoping exercise. This document is in response to that requirement.

The Thermostat Recycling Corporation's (TRC) sole purpose is to collect and properly dispose of out-of-service mercury-containing thermostats nationwide. This draft Outreach and Pilot Plan ("the Plan") proposes strategic tactics for a phase II implementation approach focused only on the Group B set of audiences which include the following:

Electric Utility Companies
Local Building Departments
School Districts
Universities and Colleges

Our scoping efforts to date suggest that, of the Group B audiences listed, one has emerged as an audience that may yield success in collecting and properly disposing of out-of-service mercury-containing thermostats. That audience is the electric utility companies. In our opinion these utility companies are most likely to come into contact with mercury-containing thermostats than the other entities in Group B. Consequently, we will engage this audience with the same vigor as we are giving to the Group A audiences. Meanwhile, we will continue our scoping of the remaining Group B audiences.

Outreach Plan Goals

In keeping with the requirements of the DTSC Consent Order, the overarching goal of the Plan is to provide a roadmap for increasing statewide program participation and improving collection results.

Two specific areas were identified by TRC and are addressed within this Plan:

1. Increase the collection of mercury-containing thermostats in California focusing resources on the audience most likely to come into contact with mercury-containing thermostats;
2. Increase engagement in California to ensure collected mercury-containing thermostats are returned to TRC.

Objectives

TRC intends to operate in accordance with the following key objectives:

1. Ensure the placement of additional bins with entities that collect mercury-containing thermostats through a comprehensive statewide effort focused on the electric utilities and their partners;
2. Develop materials and engagement tools to increase program participation and mercury-containing thermostat collection in California via this audience;
3. Engage existing partners throughout the State to promote the broadest understanding of TRC's collection program, as a means of increasing program participation, collecting mercury-containing thermostats and returning mercury-containing thermostat bins to TRC

Strategy

This Plan outlines a strategy for implementing second phase of outreach as laid out in the approved outreach plan submitted in August 2016 and approved in October 2016.

OUTREACH PLAN FOR GROUP B AUDIENCES

TRC has tasked Steve Hellem, Program Manager and Tom Murray, Project Coordinator to take the lead on this Electric Utilities effort for the TRC. TRC has also tasked its contractor, CADMUS, to produce key deliverables in support of this effort.

General Findings:

Our scoping of the group B audience set has revealed that, of the audiences listed there, the utilities audience offers the best opportunity to accelerate the collection of mercury-containing thermostats in California. This assertion is based on the following observations:

Some electric utilities on the east coast have already successfully conducted thermostat change-out programs leading to the collection and proper disposal of mercury-containing thermostats while improving energy efficiency.

Scoping Information pertaining to Exelon-owned Baltimore Gas & Electric of Maryland and selected thermostat manufacturers.

Many electric utilities in California and nationally are already engaged in thermostat replacement incentive programs and are willing to discuss the issue further. The electric utility industry is in the best position to induce HVAC contractors to collect mercury-containing thermostats. The electric utility industry, through its contracts with hazardous waste disposal facilities are similarly in a good position to track the disposal of collected mercury-containing thermostats. The electric utility industry may also remove thermostats through utility-led incentives/rebates programs, direct hires outside the HVAC audience or through a trade ally network.

Scoping information provided through phone calls with the Director of Sustainability and the Vice President of Supply Chain Management with Pacific Gas and Electric.

Electric utilities nationally have come together to address sustainability issues through the Electric Utility Industry Sustainable Supply Chain Alliance.

Scoping information provided through the Executive Director of the Electric Utility Industry Sustainability Supply Chain Alliance

The states of Illinois, New York and others are supporting efforts to more formally engage the utility industry.

Scoping information provided through TRC discussions in these states

Central to our outreach plan to engage the electric utility industry in California, are the following tactics:

Tactic 1: We will engage the Electric Utility Industry Sustainable Supply Chain Alliance in discussions focused on how best to accelerate energy-efficiency efforts in California and nationwide including the responsible replacement of mercury-laden thermostats.

We will develop a list of all utility sponsored thermostat replacement programs in California and nationwide. CADMUS, under contract to the TRC, will provide support to this effort. We will cross-reference TRC recycling centers with utility service territories and target information distribution to each utility, focusing on those that have thermostat replacement programs. We will distribute free TRC recycling containers, where needed, to support this utilities effort.

Metrics:

- Number of utilities engaged in thermostat-recycling and service area change-out programs nationally and in California.

Timeline:

- Discussions have begun and will continue at the AESP conference February 14-15, 2017 and through t direct contact with the California electric utilities.

- Cadmus discussions have begun and will inform discussions with the California utilities between now and June 2017

Tactic 2: We will engage the three major electric utilities in California -- Pacific Gas & Electric, SoCal Edison and San Diego Gas and Electric -- in discussions focused on accelerating the collection, tabulation and reporting of mercury-containing thermostats within their service areas. We will engage several of the major municipal utilities especially the Sacramento Municipal Utility District and the Los Angeles Department of Water and Power and selected rural facilities.

We seek the DTSC's assistance in setting up meetings with the California Public Utility Commission for TRC to discuss new thermostat recycling language in the California State Technical Reference Manual. We will distribute free TRC recycling containers, where needed, to support this utilities effort.

Metrics:

- Number of mercury-containing thermostats collected

Timeline:

- Initial contacts have been made with several of the California electric utilities. Meetings and teleconferences will be scheduled in the months of February and March 2017.
- Outputs and outcomes from those discussions will be concluded by June 30, 2017

Tactic 3: We will continue to explore key state utility thermostat replacement programs and related energy efficiency efforts operating outside the State of California and look for opportunities to draw from their success tactics that could benefit TRC's efforts under the California Consent Order.

TRC will attempt to engage new members who could add value to these efforts. For example, we will meet with the Illinois PUC to determine how to integrate thermostat recycling language into the Illinois Technical Reference Manual. We will attempt to educate both electric utility companies' business and residential customers by providing content for billing, web portals, and other customer channels. We will attempt to develop language which assists the utilities in monitoring compliance from direct installation measures. We are developing marketing collateral specific to all utility channels – *i.e.,* direct thermostat install program direct install contractor networks, and self-install (BYOT) channels.

Metrics:

- Number of new tactics adopted to support mercury-containing thermostat collection efforts in California
- Number of thermostats collected through these new tactics.

Timeline:

- We recommend that discussions with the California PUC be scheduled by DTSC by February 28, 2017.
- We will produce marketing and other standard language by March 1, 2017

Tactic 4: We will strengthen and expand collaborative efforts with non-governmental organizations and other relevant organizations as they pertain to this utility industry effort. In addressing this tactic, TRC staff will participate in relevant conferences and meetings which are typically attended by the Electric Utility industry and NGOs.

Metrics:

- Number of new contacts who can provide support to the collection of mercury-containing thermostats in California and nationally.

Timeline:

- TRC staff will be participating in the AESP conference scheduled for February 14-15, 2017. TRC is also collaborating with the Product Stewardship Institute in its efforts, under a U.S, Department of Agriculture grant, to help establish a hazard waste collection infrastructure within a select list of rural communities nationwide, including several in the State of California.

PILOT PROGRAM PLAN FOR GROUP B AUDIENCES

Because the electric utilities audience relies heavily on contractors in its routine business pertaining to thermostats, we will pilot our outreach plan with Electric Utilities following the general pilot program plan for contractors already approved by the DTSC. Moreover, we will fine tune our piloting efforts with this audience by aligning TRC efforts with existing Utilities' thermostat change-out programs.

Appendix 8: Activities

Task Name	Outcome / Output / Results
Q1 2016	
Consent Order Effective Date	Twenty-five manufacturing members of the TRC enter contractural agreement to improve mercury thermostat collection methods and test programs to increase awareness and participation.
Q2 2016	
Established a Set of Criteria to Identify Outreach and Collection Pilot Program Locations	Location Recommendations for Outreach Efforts and Pilot Program Locations
Submitted TRC Outreach Plan to DTSC	Submitted as required by the Consent Order (Item B-1.3.1)
Submitted TRC Pilot Projects Plan to DTSC	Submitted as required by the Consent Order (Item B-1.4.1)
Presented at HHWIE Conference in Norwalk, CA	Presented to 40 HHW Program Managers and other Stakeholders
Q3 2016	
Presented at HHWIE Conference in Burbank, CA	
Attended HHWIE Conference in San Francisco, CA	
DTSC Disapproval of Outreach Plan and Pilot Projects Plan	DTSC disapproved both plans
DTSC Findings and Comments	DTSC's general comments as well as specific comments related to different components of the plans
Submitted 2016 Q1 and Q2 Quarterly Reporting Memorandum to DTSC	Submitted as required by the Consent Order (Item B-1.6)
Resubmitted TRC Outreach Plan to DTSC	Plan modified to address DTSC's concerns
Resubmitted TRC Pilot Projects Plan to DTSC	Plan modified to address DTSC's concerns
Outreach to HHW Program Managers to Place Collection Bins	Contacted 115 HHW Program Managers; 5 Bin Placements
Outreach to Large HVAC Contractors to Place Collection Bins	Contacted 731 Companies; 42 Bin Placements
Outreach to Large Demolition Contractors to Place Collection Bins	Contacted 179 Companies; O Bin Placements
Outreach to Large General Contractors to Place Collection Bins	Contacted 409 Companies; 5 Bin Placements
Created Landing Page for Contractor Audiences (HVAC, Demolition, and General)	Sessions: 95, Pageviews 274, Unique referrals to main TRC site: 6, Bin signups: 3
Created Landing Page for Consumers	Sessions: 3897, Pageviews: 8582, Unique referrals to main TRC site: 71
Created Landing Page for HHW Managers	Sessions: 29, Pageviews: 135, Unique referrals to main TRC site: 1, Bin signups: 0
Outreach to Place Articles in HVAC Contractor Trade Association E-Newsletters	Contacted 15 Trade Associations; 1 Article Placement (10 bit.ly link clicks; 0 online bin sign-ups)
Outreach to Place Articles in Demolition Contractor Trade Association E-Newsletters	Contacted 7 Trade Associations; 0 Article Placements
Outreach to Place Articles in General Contractor Trade Association E-Newsletters	Contacted 26 Trade Associations; 1 Article Placement (10 bit.ly link clicks; 0 online bin sign-ups)
Q4 2016	
Outreached to Environmental Compliance Companies to Place Collection Bins	Contacted 144 Companies; 2 Bin Placements
Attended GreenBuild Conference in Los Angeles	Collected qualitative data via informal interviews with contractors, HVAC manufacturers, and utility companies
DTSC Approval of Outreach Plan and Pilot Projects Plan with Modifications	DTSC approved both plans, but required several modifications.
Submitted TRC Program Modification Plan to DTSC	1-page document submitted as required by the Consent Order (240 days of the effective date)

Q4 2016 Continued	
Partnered with Woodbury College Students - Course Research Project	
Outreach to Small HVAC Contractors via Wholesale Distributors	
Outreach to Small Demolition Contractors via Wholesale Distributors	
Outreach to Small General Contractors via Wholesale Distributors	
Launched Consumers Google Ads Campaign	Began with the display network during Q4, and Safety/Health won with a total of 695 clicks at the cheapest cost and a highest CTR of 0.08%. Concerning clicks on the landing page, Belonging/Social Norm won with 14 clicks followed by Consciousness Raising at 11 clicks.
Outreach to Consumers via HHW Programs and Retailers	Secured partnership with 4 HHW program managers that have agreed to online promotion of TRC
Posted Information to HHW Yahoo! Group	
Partnered with HHW Programs to Distribute Online Information	Secured partnership with 4 HHW program managers that have agreed to online promotion of TRC
Co-promoted Collection Day Events with HHW Facilities and/or retail stores (City and County Level)	Will be held in 3 SoCal retail pilot stores April 16-30 and August 1-15
Developed Promotional Materials Toolkit for HHW Pilot Program Partners	3/3 delivered
Created Retail Shelftalkers to Promote Program	8/9 placed in stores
Created Retail In-Store Flyer Ads to Promote Program	3/3 delivered
Identified and Partnered with Retail Chains	Partnered with 29/50 retail partners
Outreach to Wholesalers	Coordinating with DTSC to send outreach letter to 67 CA wholesalers that have not signed up for a bin yet and
Developed Promotional Materials Toolkit for Retail Partners	
Created Partnerships with Hardware Stores to Place Bins and Promotional Materials in Store	
Conducted Employee Trainings and Provided Training Materials to Manager	
Promoted Participating Retailers by Adding Partner Links to the TRC Microsite	
Conducted two “Double Incentive Day" Collection Events per Store to Promote Retail Collection Program	Will be held in 3 SoCal retail pilot stores April 16-30 and August 1-15
Scoping Exercise: Reached out to Linda Winter, Director of Corporate Services at PG & E	
Scoping Exercise: Contacted Association of Energy Engineers; spoke with staff regarding opportunities to publish information in their materials	
Scoping Exercise: Contacted California Energy Efficiency Collaborative	
Scoping Exercise: Contacted Los Angeles Department of Water and Power (LADWP)	

Scoping Exercise: Contacted SoCal Gas to inquire about energy efficiency programs regarding heating / natural gas	
Submitted 2016 Q3 Quarterly Report to DTSC	Submitted as required by the Consent Order (Item B-1.6)
Hosted a TRC Booth at 2016 Used Oil/HHW Training & Conference in Sacramento, CA	
Presented at 2016 Used Oil/HHW Training & Conference in Sacramento, CA	
Submitted letter to DTSC to propose collaborative efforts to expand program participation and increase statewide mercury thermostat collection rates	Established formal collaborative outreach efforts between TRC and DTSC to increase mercury thermostat collection totals
Q1 2017	
Submitted TRC Program Modification Plan to DTSC	Propose program changes based on the results and information gathered in carrying out Outreach Plan and Pilot Projects Plan
Submitted 2016 Q4 Quarterly Report to DTSC	Submitted as required by the Consent Order (Item B-1.6)

S.GRONER ASSOCIATES, INC.

Department of Toxic Substances Control
Attention: Ms. Renee Avila
1001 "I" Street
P.O. Box 806
Sacramento, California 95812-0806

SUBMISSION OF QUARTERLY REPORTS; Consent Order Item B-1.6

Dear Ms. Avila,

As we discussed on July 12, there was a misunderstanding with regard to the quarterly reporting requirement. The respondents anticipated that this reporting would commence once the Program Modification Plan was approved by DTSC. As agreed, the reports for 2016 Q1 and Q2 are hereby submitted. By this submission, S. Groner Associates, Inc. is fulfilling obligations on behalf of the 25 signatories of the Consent Order listed below. If you have any questions regarding this submission, please feel free to contact me at (562) 597-0205 or the address below.

Regards,

Stephen Groner
President, S. Groner Associates, Inc.
100 W. Broadway, Suite 290
Long Beach, CA 90802

SUBMISSION OF QUARTERLY REPORT; Consent Order Item B-1.6

Dear Mr. Diebert,

The following quarterly report for 2016 Q3 outlines the Thermostat Recycling Corporation's (TRC) most recent outreach and pilot project activities. By this submission, S. Groner Associates, Inc. (SGA) is fulfilling obligations on behalf of the 25 signatories of the Consent Order listed below. If you have any questions regarding this submission, please feel free to contact me at (562) 597-0205 or the address below.

Regards,

Stephen Groner
President, S. Groner Associates, Inc.
100 W. Broadway, Suite 290
Long Beach, CA 90802

Introduction:

During the third quarter (July – September, 2016) S. Groner Associates' (SGA) working on behalf of the Thermostat Recycling Corporation (TRC) primarily focused on developing two revised sets of plans in accordance with the February 2016 Consent Decree and in response to comments received on the initial Outreach Plan and Pilot Plan submitted May 2016. However, while the Plans were under review by DTSC, SGA and TRC both proceeded with certain logistical and outreach components of the program that seemed least likely to change (based on feedback from the initial plan submittals). This included the following target audiences: contractors, trade associations, wholesalers, retailers, consumers and HHW programs.

The following report outlines those efforts undertaken during this quarter broken into audiences. Note, the final approval for the Outreach Plan and Pilot Plan occurred after the end of the third quarter (October 7, 2016) and slight adjustments are being made in light of the feedback received with the approval to proceed from DTSC.

Summary of Results:

Mercury-Added Thermostats Collected this Quarter:	**Mercury-Added Thermostats Collected this Year:**
3,863	**11,679**

New Collection Bin Placed this Quarter:
26

- Revised Outreach Plan submitted on August 8, 2016
- Revised Pilot Plan submitted on August 8, 2016
- Mercury-Added Thermostats Collected this Quarter: 3,863
- Mercury-Added Thermostats Collected this Year: 11,679
- Program Element/Participants to which the Collected Thermostats are Attributed: Information not attributed
- Contractor State License Number (if provided): Not provided
- New Collection Bins Placed: 26

Outreach Activities:

The following list provides a summary of the TRC's overall 3rd Quarter Outreach and Pilot Project activities by audience:

Contractors/Wholesalers

Calls to HVAC contractors: 511
Collection Bins placed with HVAC contractors: 18

Calls to general contractors: 245
Collection bins placed with general contractors: 2

Calls to environmental compliance contractors: 2
Collection bins placed: 2

- Trade Association Partnerships: Reached out to 25 trade association publications for HVAC, general, and demolition contractors (national, statewide, and regional) to inquire about their communication channels (paid advertising) and placement of editorial content (unpaid earned media) regarding mercury thermostat collection.
- Contacted LG Air Conditioning System via trade group. Obtained listing of contractors that enroll in their training program to follow up with regarding bin placements. Discussed items including information about proper mercury thermostat disposal in their training program. Follow-up calls are planned.
- Contacted Mitsubishi Electric Cooling and Heating via trade group. Obtained listing of contractors that enroll in their training program to follow up with regarding bin placements. Discussed including information about proper mercury thermostat disposal in their training program. Provided list. Follow-up calls are planned regarding training program.
- Contacted Building Materials Reuse Association; spoke with staff about the frequency of working with buildings that have old HVAC systems, frequency of finding old mercury thermostats, and opportunities to promote the issue of safe mercury disposal.
- Multiple outreach attempts to Johnstone Supply to reengage program.
- Correspondence with RSD in Santa Rosa, CA; sent participant a shipping label so that bin could be sent in for processing.
- Correspondence with US Air Conditioning Distributors in Signal Hill, CA; sent participant a shipping label so that bin could be sent in for processing.
- TRC contacted Bill Raven, Corporate Manager EHS, from W.W. Grainger, Inc. about collection bins and signage. All California Grainger collection sites were contacted to verify participation in the program. Sites reported back that they have collection bins and signage in all locations with one exception. Their branch in Anaheim reported that they had a bin but did not have the signage. TRC has since mailed the signage. In the meantime, the branch in Anaheim printed one off the website and has it posted temporarily. Bill Raven also personally joined several district calls (with the support of the Regional Vice President) and spoke about the program, the reason behind it, and the urgency to display signage before the branches

received shipment of the bins. He plans on following up with all the managers to revisit the entire program.

- Participated in phone conversations and corresponded with Warren Lupson, a leading figure within the HVAC industry nationally, to identify ways to enhance public outreach and engagement among contractor target audiences.
- Created a contact list and developed an outreach call script for HVAC contractors in California.
    - Top three reasons for not accepting a bin:
        1. Did not encounter enough mercury thermostats.
        2. Do not have enough space in their work trucks or storage rooms.
        3. Would rather recycle the few mercury thermostats they encounter with a local wholesaler since they frequently visit these locations.
- Created a contact list and developed an outreach call script for general contractors in California.
    - Top three reasons for not accepting a bin:
        1. The majority of the general contractors we contacted claimed that they rarely replace thermostats/mercury thermostats.
        2. General contractors that also provide remodeling or renovating services were slightly more likely to change thermostats. They stated that they dispose of mercury thermostats at wholesaler locations.
        3. Larger general contractors stated that they work with environmental compliance contractors for removal/disposal of any hazardous/universal waste (SGA is following up on this lead as a potential audience).
    - Calls to environmental compliance contractors (based on referrals from general contractors): 2
    - Collection bins placed: 2 (both placed with one contractor; following up with second contractor)
    - Developing list of environmental compliance contractors.
    - Developing list of demolition contractors.
- Correspondence with general and HVAC contractors that have recently signed up for a collection bin to answer their program-related questions.

Retailers

Consumers reached (impressions CA only): 297,878
Web Site Visits (all pageviews: micro sites + web site): 30,730

- Contacted OSH corporate offices to inquire about forming a partnership for collecting mercury thermostats; OSH followed up and SGA scheduled a conference call with its corporate environmental compliance/sustainability manager.

- Corresponded and followed up with Laura Golding of Orchard Supply Hardware (environmental compliance/sustainability manager) regarding setting up a takeback partnership for thermostats.
- OSH showed interest in the program and requested that TRC provide more detailed information about the monetary incentive pilot program. TRC informed OSH that it was waiting on final approval from DTSC. In September, OSH informed TRC that it was proceeding with Rheem regarding collection partnership.
- Contacted Home Depot to inquire about the possibility of establishing a pilot partnership for mercury thermostat collection. Informed that we need to speak with its Corporate Environmental Compliance Division. Two follow up calls were made. Waiting on response.
- Contacted Lowe's and corresponded with corporate. Inquiring into establishing a pilot partnership for mercury thermostat collection. Received initial call back redirecting to another division within corporation. Follow-up calls placed, but no response.
- Corresponded with Mercury Thermostat programs in Maine, Vermont, and Illinois regarding setting up retail partnerships.

Consumers

- Developed a media plan to determine the best combination of media to achieve the program's campaign objectives.
- Developed consumer specific micro-site for Mercury Thermostat Collection
- Set up URL links to track visitors, analyze messaging and web page design/flow effectiveness
- Published Online Ads:
    - Consumers reached (impressions CA only): 297,878
- Web Site Visits (all page views - micro sites + web site): 30,730

Pilot Non-Monetary Testing

- Message Testing: Developed messaging for online testing of four different motivators. Set up a multi-variate testing campaign within Google's AdWords. Campaign to assess the reception of different messages/motivators devised to promote proper recycling habits and reduce illegal disposing among Phase 1 target audiences. Multi-variate testing in AdWords means testing 2 or more ad texts to measure which one is performing better and delivering best results (e.g., high click-through-rate at lesser cost). Configured test campaign in preparation to Pilot Plan approval.

HHW Programs

HHW programs contacted: 115
Bin placements: 5

- Created a contact list and developed an outreach call script for HHW facilities in California.
- HHW Program Direct Outreach: Systematically reached out to HHW programs via phone calls to program managers to place new collection bins and reengage existing participants in program:
    - 115 contacts
    - 5 bin placements
- Qualitative Feedback from HHW Programs:
    - Most programs already enrolled;
    - A large majority of HHW program managers who did not sign up for a collection bin stated that they were not interested in joining the program because they did not receive enough mercury thermostats.
        - One program coordinator in Imperial County, for example, said, "I can't remember the last time I saw a mercury thermostat." When asked how long it had been, if it had been months or years since he had last seen a mercury thermostat, he answered: "At least a couple of years."
        - Another program coordinator in Fresno County replied via email: Thank you so much for contacting us regarding the Mercury Thermostat Collection Program. We appreciate your offer to participate. However, we have gone back over our records over the past two (2) years regarding collection and disposal of mercury containing devices and found that we have not seen much of this at the HHW Facility. If we notice an increase in the amount of mercury containing devices we collect, we will get back in touch with you in regards to this program. In addition, I looked up this program on the web and see that you have many participants in our County area. We will be sure to direct any inquiries we receive about where to dispose of these items to the appropriate location. Thank you."
        - Another program manager in Humboldt County did not see a demand for mercury thermostat disposal in his region. He, however, did enroll in the program. He said that if his facility did not see any thermostats being brought to the facility within the next 6-9 months he would return his collection bin.
- Presented at two regional HHW Information Exchanges (San Jose and Norwalk) to discuss draft Outreach Plan and Pilot Plan; informed HHW program managers of free collection bins for programs. In San Jose meeting, question raised regarding the need for manifests from TRC. Followed up with DTSC regarding this questions (response, no known requirement); followed up with individual and provided response to address issue raised.
- Coordinated with Used Oil & HHW Training & Conference in Sacramento regarding hosting an exhibitor booth to reach out to HHW programs.
- Submitted abstract to Conference organizers to speak at conference regarding Outreach and Pilot Plans (abstract accepted); discussed with DTSC opportunity to speak and share coordinated efforts.
- Developed presentation materials for Used Oil & HHW Training & Conference in Sacramento on November 1-4, 2016. Coordinated with Renee Avila from DTSC to discuss ideas and information to present during the Used Oil & HHW Training & Conference.

Initial Scoping: Utilities

- As part of the Group B scoping exercise, we reached out to Linda Winter, Director of Corporate Services at PG & E. She is also responsible for environmental purchasing within PG & E. We briefed her on our efforts under the Consent Order. She provided an overview of her efforts within the utility sector and offered to reach out to others within PG & E to gather additional information on how they handle mercury thermostats. Follow-up calls are planned.
- Contacted Association of Energy Engineers; spoke with staff regarding opportunities to publish information in their materials or other areas to promote the importance of safe mercury disposal.
- Met PG & E at Green Building Conference; discussed contacts within organization that work on energy upgrade programs and received information about California Energy Efficiency Collaborative (CEEC). Followed up with CEEC.
- Contacted California Energy Efficiency Collaborative (SCE, SoCal Gas, PG & E, SDGE, and LADWP); spoke with representative of the collaborative regarding Energy Upgrade California. Also, inquired about whether or not they have programs that promote thermostat upgrades and/or recycle old thermostats. They did not have a program; programs are coordinated individually by company. Received contact information for individual companies that work on Energy Upgrade California. CEEC did not know if each individual company works on upgrading thermostats. Follow-up calls are planned with individual organizations.
- Contacted Los Angeles Department of Water and Power (LADWP); redirected to homeowner program and manager of contractor audit program; Follow-up calls are planned.
- Contacted SoCal Gas to inquire about energy efficiency programs regarding heating/natural gas. SoCal Gas does not have specific programs regarding thermostat replacements or upgrades.

2016 Q3 - Mercury Thermostat Collection in California

Attention: Mr. Donn Deibert
1001 "I" Street
P.O. Box 806
Sacramento, California 95812-0806

SUBMISSION OF QUARTERLY REPORT; Consent Order Item B-1.6

Dear Mr. Diebert,

The following quarterly report for 2016 Q4 outlines the Thermostat Recycling Corporation's (TRC) most recent outreach and pilot project activities. By this submission, S. Groner Associates, Inc. (SGA) is fulfilling obligations on behalf of the 25 signatories of the Consent Order listed below. If you have any questions regarding this submission, please feel free to contact me at (562) 597-0205 or the address below.

Regards,

Stephen Groner
President, S. Groner Associates, Inc.
100 W. Broadway, Suite 290
Long Beach, CA 90802

Introduction:

During the fourth quarter (October – December, 2016) S. Groner Associates' (SGA) working on behalf of the Thermostat Recycling Corporation (TRC) focused on implementing the following tasks from DTSC-approved Outreach Plan and Pilot Plan as a part of the California TRC Program.

The following report outlines those efforts undertaken during this quarter broken into audiences.

Summary of Results:

Mercury-Added Thermostats Collected this Quarter:
3,603

New Collection Bin Placed this Quarter:
33

- Mercury-Added Thermostats Collected this Quarter: 3,603
- Mercury-Added Thermostats Collected this Year: 15,282
- Program Element/Participants to which the Collected Thermostats are Attributed: Information not attributed
- Contractor State License Numbers: Included in appendices
- Number and location (by street address) of collection bins: Included in appendices
- New Collection Bins Placed: 33

Outreach Activities:

The following list provides a summary of the TRC's overall 4th Quarter Outreach and Pilot Project activities by audience:

Contractors

Companies contacted: HVAC contractors: 250
Collection bins placed with HVAC contractors: 24

Companies contacted: demolition contractors: 174
Collection bins placed with demolition contractors: 0

Companies contacted: general contractors: 230
Collection bins placed with general contractors: 3

Companies contacted: environmental compliance contractors: 143
Collection bins placed with environmental compliance contractors: 0

- Conducted outreach phone calls to HVAC contractors to expand TRC's network of collection bins and increase program participation. The most frequently cited barriers to accepting a bin include:
    1. Rarely come across mercury thermostats.
    2. Already have a means of disposing of mercury thermostats (either with a wholesaler or a specialty contractor).
- Conducted outreach phone calls to demolition contractors to expand TRC's network of collection bins and increase program participation. There was a single recurring barrier that emerged:
    1. We have not found any of these companies from this SIC code that handle mercury thermostats (from the list we are using – Hoovers business data lists). A few indicated that they only specialize in substances such as mold or asbestos, while the majority cited that handling hazardous substances is not within the purview of their work. A number of the companies indicated that the mercury thermostats (and presumably other hazardous substances) are already removed before they begin the demolition.
- Conducted outreach phone calls to general contractors to expand TRC's network of collection bins and increase program participation. The most frequently cited barriers to accepting a bin include:
    1. Rarely deal with thermostats (mercury or not).
    2. When they do come across mercury thermostats, they take them to wholesalers.
- Conducted outreach phone calls to environmental compliance contractors to expand TRC's network of collection bins and increase program participation. Environmental compliance contractors were contacted because some of the larger general contractors indicated they partner with these entities to dispose of hazardous/universal waste. Please note that there is no specific SIC code for this specific type of contractor. Previous to this quarter we found two contractors that accept mercury thermostats, but but have not found any directly via the

Hoover list using various SIC codes that may overlay this industry type. No additional bin orders were secured after contacting a total of 143 companies.

- Sent follow-up emails to HVAC and general contractors that expressed interest during outreach phone calls.
- Researched SIC codes for contractors to generate a Hoovers database that can be sorted by industry type, business size, and location.
- Phone and email correspondence with HVAC and general contractors that have recently signed up for a collection bin to answer their program-related questions.
- Continued to maintain the contractors landing page as a way for California contractors to sign up for a collection bin or find a drop off location.
    1. Developed collection bin sign-up form for contractors landing page to gather data regarding the effectiveness of different tactics.
    2. Backed up pages and updated plugins.
    3. The page received a total of 20 unique visitors, 56 page views, and zero bin order placements.

Wholesalers

- Drafted wholesaler pilot partner instruction letter and wholesaler pilot program invoice form.
- Identified how many wholesaler locations in California are not participating in the mercury thermostat collection program or have not returned a collection bin in 2016. Corresponded with Renee Avila from DTSC to send outreach letters to these wholesaler locations.

Retailers

Consumers reached (impressions CA only): 3,994,843
Web Site Visits (all pageviews: micro sites + web site): 2,968
Collection bins placed with retailers: 6

- Contacted 121 additional retail locations to offer a collection bin; 9% of these accepted (11 locations total; seven for the pilot program and four non-pilot, non-incentive locations) (see Appendix F). The most frequently cited barriers to accepting a bin include:
    1. Don't sell enough thermostats and/or rarely come across mercury thermostats
    2. Decisions have to be made through corporate office
    3. Process of getting/sending in bins is too time consuming
    4. Not enough space to host the bin
- Sent follow-up emails to retail locations that expressed interest during outreach phone calls.
- Developed a letter for retail pilots that provides information about the program.
- Developed a retail pilot agreement contract for participating retail locations.
- Developed and sent an informational flyer to retail managers to increase program participation.

- Contacted Lowe's, OSH, and Home Depot as possible retail chain collection partners. OSH declined to participate in the TRC program because they are a mercury thermostat collection partners with another program. Two calls were made to Home Depot's corporate environmental compliance division but no response was received. Spoke with Lowe's corporate office and were redirected to their administrative support division; follow up calls were placed but no response was received.
- Approached ACE Hardware and TrueValue stores as an alternative to the "big box" chain stores. Because both ACE and TrueValue locations are run by franchisees, each location has more autonomy to opt in to the program without receiving corporate approval. In order to reach consumers in key areas throughout the state (such as the pilot locations), we broadened our outreach to other independent hardware and home improvement stores.
- Created shelf-talkers for retail stores as well as retail locations participating in monetary incentive program.
- Corresponded with retail collection sites regarding in-store materials and TRC reimbursement process.
- Developed files for retail training (e.g. TRC log for employees, training procedures, and purchasing folders).
- Phone meetings with Heidi Sanborn from the California Product Stewardship Council (CPSC) regarding retail pilots and TRC coordination.
- Finalized partnership agreement for retail pilots and sent to Heidi Sanborn and Jordan Wells from the California Product Stewardship Council (CPSC).

Consumers

- Continued to maintain the consumers landing page as a way for California consumers to find a recycling location.
    1. Backed up pages and updated plugins.
    2. The page has received 2,587 unique visitors and a 4% conversion rate of visitors taking an action of going to the zip code locator search.

Pilot Non-Monetary Testing

- Launced Google's Adwords campaign to assess the reception of different messages/motivators devised to promote proper recycling habits and reduce illegal disposing among Phase 1 target audiences. A total of 3.9 million impressions were garnered during the quarter. The online ads resulted in 2,974 click-throughs to the website. Conversion rate of unique visitors who landed on the website and visited the zip code locator search was 1.6%.
    1. Monitored Google Ads and had internal meetings regarding current impression rate, event tracking, and performance.
- Preliminary pilot message testing on Facebook and Google have yielded different results. Facebook testing indicates that an appeal to social norms (i.e., join the California movement…) combined with a pointed question about the toxin (i.e., is mercury in your home?) is more effective than a safety message (i.e., mercury is bad for you), an educational message (i.e., one mercury thermostat contains as much mercury as 1,000 CFL light bulbs), or an environmental message (i.e., ensure a cleaner environment for all) in driving traffic to

the website. On the other hand, the social norms message yielded the lowest click-throughs for the Google ad testing (i.e., people clicking from the ad to the website), but the highest conversion rate (i.e., people taking an action to do a zip code search once they land on the website).

HHW Programs

- Submitted abstract to Conference organizers to speak at conference regarding Outreach and Pilot Plans (abstract accepted). Also, corresponded with DTSC regarding the opportunity to share our coordinated efforts during presentation.
- Presented and hosted an information booth at the Used Oil & HHW Training & Conference in Sacramento. During the conference, HHW managers that have TRC bins revealed that they do not receive many mercury thermostats. One of the three HHW pilot locations enrolled in the program as a result of the presentation.
- Created Google spreadsheet for business contacts made during the Used Oli & HHW Training & Conference in Sacramento, so that future outreach can also be targeted towards locations that are more willing to network and collaborate on outreach efforts.
- Reached out to HHW facilities to include mercury thermostat recycling information on their online channels because facilities are not consistently promoting thermostats as one of their acceptable items for recycling on their online channels.
- Held internal meetings regarding HHW program and pilot coordination. Reviewed and developed pilot materials for HHW programs.
- Finalized HHW pilot materials. Printed and sent toolkit to HHW Pilot Program partners.
- Corresponded with HHW Pilot Program partners to schedule meetings about training exercises.
- Corresponded with HHW pilot locations about TRC's Ziploc bag policy and placed order for 300 plastic bags.
- Phone meetings with Heidi Sanborn from the California Product Stewardship Council (CPSC) regarding Household Hazardous Waste Information Exchange (HHWIE).
- Contacted three programs regarding pilot project and bin placements: Santa Clara, Fontana, and San Bernardino County Fire Department.
- Developed content for TRC's newsletter regarding successes related to Used Oil & HHW Training & Conference.
- Emailed financial reimbursement forms for HHW pilots to HHW pilot partners. These financial reimbursement forms were developed after reviewing Maine examples and conversations with Ryan Kiscaden.
- Continued to maintain the HHW landing page as a way for California HHW's to become a TRC collection point for waste mercury thermostats.
    1. Developed collection bin sign-up form for HHW landing page to gather data regarding the effectiveness of different tactics.
    2. Backed up pages and updated plugins.

Part I Summary

Activities & Governance

1 Briefly describe the organization's mission or most significant activities: TO PROMOTE THE SAFE COLLECTION AND PROPER DISPOSAL OF MERCURY-CONTAINING THERMOSTATS.

2 Check this box ▶ ☐ if the organization discontinued its operations or disposed of more than 25% of its net assets.

3	Number of voting members of the governing body (Part VI, line 1a)	3	4
4	Number of independent voting members of the governing body (Part VI, line 1b)	4	4
5	Total number of individuals employed in calendar year 2015 (Part V, line 2a)	5	8
6	Total number of volunteers (estimate if necessary)	6	0
7a	Total unrelated business revenue from Part VIII, column (C), line 12	7a	0.
b	Net unrelated business taxable income from Form 990-T, line 34	7b	0.

		Prior Year	Current Year
Revenue 8	Contributions and grants (Part VIII, line 1h)	0.	0.
9	Program service revenue (Part VIII, line 2g)	1,487,960.	1,622,964.
10	Investment income (Part VIII, column (A), lines 3, 4, and 7d)	245.	234.
11	Other revenue (Part VIII, column (A), lines 5, 6d, 8c, 9c, 10c, and 11e)	0.	0.
12	Total revenue - add lines 8 through 11 (must equal Part VIII, column (A), line 12)	1,488,205.	1,623,198.
Expenses 13	Grants and similar amounts paid (Part IX, column (A), lines 1-3)	0.	0.
14	Benefits paid to or for members (Part IX, column (A), line 4)	0.	0.
15	Salaries, other compensation, employee benefits (Part IX, column (A), lines 5-10)	428,110.	456,176.
16a	Professional fundraising fees (Part IX, column (A), line 11e)	0.	0.
b	Total fundraising expenses (Part IX, column (D), line 25) ▶ 0.		
17	Other expenses (Part IX, column (A), lines 11a-11d, 11f-24e)	982,852.	932,404.
18	Total expenses. Add lines 13-17 (must equal Part IX, column (A), line 25)	1,410,962.	1,388,580.
19	Revenue less expenses. Subtract line 18 from line 12	77,243.	234,618.

		Beginning of Current Year	End of Year
Net Assets or Fund Balances 20	Total assets (Part X, line 16)	410,901.	642,843.
21	Total liabilities (Part X, line 26)	390,722.	388,046.
22	Net assets or fund balances. Subtract line 21 from line 20	20,179.	254,797.

Part II Signature Block

Under penalties of perjury, I declare that I have examined this return, including accompanying schedules and statements, and to the best of my knowledge and belief, it is true, correct, and complete. Declaration of preparer (other than officer) is based on all information of which preparer has any knowledge.

Firm's address ▶ 4035 RIDGE TOP ROAD, SUITE 550 FAIRFAX, VA 22030-7411			Phone no. 703-591-5200	

May the IRS discuss this return with the preparer shown above? (see instructions) ☒ Yes ☐ No

Part III Statement of Program Service Accomplishments

Check if Schedule O contains a response or note to any line in this Part III ☐

1 Briefly describe the organization's mission:
THE THERMOSTAT RECYCLING CORPORATION (TRC) IS A NON-PROFIT ORGANIZATION THAT FACILITATES AND MANAGES THE COLLECTION AND PROPER DISPOSAL OF MERCURY-CONTAINING THERMOSTATS.

2 Did the organization undertake any significant program services during the year which were not listed on the prior Form 990 or 990-EZ? ☐ Yes ☒ No
If "Yes," describe these new services on Schedule O.

3 Did the organization cease conducting, or make significant changes in how it conducts, any program services? ☐ Yes ☒ No
If "Yes," describe these changes on Schedule O.

4 Describe the organization's program service accomplishments for each of its three largest program services, as measured by expenses. Section 501(c)(3) and 501(c)(4) organizations are required to report the amount of grants and allocations to others, the total expenses, and revenue, if any, for each program service reported.

4a (Code: _____) (Expenses $ 1,209,411. including grants of $ _____) (Revenue $ 1,622,964.)
TRC FACILITATES THE PROPER MANAGEMENT OF WASTE MERCURY THERMOSTATS BY PROVIDING RECYCLING CONTAINERS FOR THE COLLECTION AND TRANSPORT OF WASTE MERCURY THERMOSTATS TO ELIGIBLE COLLECTION SITES IN ALL U.S. STATES EXCEPT ALASKA AND HAWAII. TRC ALSO CONDUCTS AN EDUCATIONAL CAMPAIGN PROMOTING THE PROPER MANAGEMENT OF WASTE MERCURY THERMOSTATS. SINCE TRC'S FOUNDING, TRC HAS COLLECTED OVER 1,500,000 MERCURY-CONTAINING THERMOSTATS WHICH HAS KEPT 9 TONS OF MERCURY OUT OF THE WASTE SYSTEM.

4b (Code: _____) (Expenses $ _____ including grants of $ _____) (Revenue $ _____)

4c (Code: _____) (Expenses $ _____ including grants of $ _____) (Revenue $ _____)

4d Other program services (Describe in Schedule O.)
(Expenses $ _____ including grants of $ _____) (Revenue $ _____)

4e Total program service expenses ▶ 1,209,411.

Part IV Checklist of Required Schedules

			Yes	No
1	Is the organization described in section 501(c)(3) or 4947(a)(1) (other than a private foundation)? *If "Yes," complete Schedule A*	1		X
2	Is the organization required to complete *Schedule B, Schedule of Contributors*?	2		X
3	Did the organization engage in direct or indirect political campaign activities on behalf of or in opposition to candidates for public office? *If "Yes," complete Schedule C, Part I*	3		X
4	**Section 501(c)(3) organizations.** Did the organization engage in lobbying activities, or have a section 501(h) election in effect during the tax year? *If "Yes," complete Schedule C, Part II*	4		
5	Is the organization a section 501(c)(4), 501(c)(5), or 501(c)(6) organization that receives membership dues, assessments, or similar amounts as defined in Revenue Procedure 98-19? *If "Yes," complete Schedule C, Part III*	5	X	
6	Did the organization maintain any donor advised funds or any similar funds or accounts for which donors have the right to provide advice on the distribution or investment of amounts in such funds or accounts? *If "Yes," complete Schedule D, Part I*	6		X
7	Did the organization receive or hold a conservation easement, including easements to preserve open space, the environment, historic land areas, or historic structures? *If "Yes," complete Schedule D, Part II*	7		X
8	Did the organization maintain collections of works of art, historical treasures, or other similar assets? *If "Yes," complete Schedule D, Part III*	8		X
9	Did the organization report an amount in Part X, line 21, for escrow or custodial account liability, serve as a custodian for amounts not listed in Part X; or provide credit counseling, debt management, credit repair, or debt negotiation services? *If "Yes," complete Schedule D, Part IV*	9		X
10	Did the organization, directly or through a related organization, hold assets in temporarily restricted endowments, permanent endowments, or quasi-endowments? *If "Yes," complete Schedule D, Part V*	10		X
11	If the organization's answer to any of the following questions is "Yes," then complete Schedule D, Parts VI, VII, VIII, IX, or X as applicable.			
a	Did the organization report an amount for land, buildings, and equipment in Part X, line 10? *If "Yes," complete Schedule D, Part VI*	11a	X	
b	Did the organization report an amount for investments - other securities in Part X, line 12 that is 5% or more of its total assets reported in Part X, line 16? *If "Yes," complete Schedule D, Part VII*	11b		X
c	Did the organization report an amount for investments - program related in Part X, line 13 that is 5% or more of its total assets reported in Part X, line 16? *If "Yes," complete Schedule D, Part VIII*	11c		X
d	Did the organization report an amount for other assets in Part X, line 15 that is 5% or more of its total assets reported in Part X, line 16? *If "Yes," complete Schedule D, Part IX*	11d		X
e	Did the organization report an amount for other liabilities in Part X, line 25? *If "Yes," complete Schedule D, Part X*	11e		X
f	Did the organization's separate or consolidated financial statements for the tax year include a footnote that addresses the organization's liability for uncertain tax positions under FIN 48 (ASC 740)? *If "Yes," complete Schedule D, Part X*	11f	X	
12a	Did the organization obtain separate, independent audited financial statements for the tax year? *If "Yes," complete Schedule D, Parts XI and XII*	12a	X	
b	Was the organization included in consolidated, independent audited financial statements for the tax year? *If "Yes," and if the organization answered "No" to line 12a, then completing Schedule D, Parts XI and XII is optional*	12b		X
13	Is the organization a school described in section 170(b)(1)(A)(ii)? *If "Yes," complete Schedule E*	13		X
14a	Did the organization maintain an office, employees, or agents outside of the United States?	14a		X
b	Did the organization have aggregate revenues or expenses of more than $10,000 from grantmaking, fundraising, business, investment, and program service activities outside the United States, or aggregate foreign investments valued at $100,000 or more? *If "Yes," complete Schedule F, Parts I and IV*	14b		X
15	Did the organization report on Part IX, column (A), line 3, more than $5,000 of grants or other assistance to or for any foreign organization? *If "Yes," complete Schedule F, Parts II and IV*	15		X
16	Did the organization report on Part IX, column (A), line 3, more than $5,000 of aggregate grants or other assistance to or for foreign individuals? *If "Yes," complete Schedule F, Parts III and IV*	16		X
17	Did the organization report a total of more than $15,000 of expenses for professional fundraising services on Part IX, column (A), lines 6 and 11e? *If "Yes," complete Schedule G, Part I*	17		X
18	Did the organization report more than $15,000 total of fundraising event gross income and contributions on Part VIII, lines 1c and 8a? *If "Yes," complete Schedule G, Part II*	18		X
19	Did the organization report more than $15,000 of gross income from gaming activities on Part VIII, line 9a? *If "Yes," complete Schedule G, Part III*	19		X

Part IV Checklist of Required Schedules *(continued)*

			Yes	No
20a	Did the organization operate one or more hospital facilities? *If "Yes," complete Schedule H*	20a		X
b	If "Yes" to line 20a, did the organization attach a copy of its audited financial statements to this return?	20b		
21	Did the organization report more than $5,000 of grants or other assistance to any domestic organization or domestic government on Part IX, column (A), line 1? *If "Yes," complete Schedule I, Parts I and II*	21		X
22	Did the organization report more than $5,000 of grants or other assistance to or for domestic individuals on Part IX, column (A), line 2? *If "Yes," complete Schedule I, Parts I and III*	22		X
23	Did the organization answer "Yes" to Part VII, Section A, line 3, 4, or 5 about compensation of the organization's current and former officers, directors, trustees, key employees, and highest compensated employees? *If "Yes," complete Schedule J*	23	X	
24a	Did the organization have a tax-exempt bond issue with an outstanding principal amount of more than $100,000 as of the last day of the year, that was issued after December 31, 2002? *If "Yes," answer lines 24b through 24d and complete Schedule K. If "No", go to line 25a*	24a		X
b	Did the organization invest any proceeds of tax-exempt bonds beyond a temporary period exception?	24b		
c	Did the organization maintain an escrow account other than a refunding escrow at any time during the year to defease any tax-exempt bonds?	24c		
d	Did the organization act as an "on behalf of" issuer for bonds outstanding at any time during the year?	24d		
25a	**Section 501(c)(3), 501(c)(4), and 501(c)(29) organizations.** Did the organization engage in an excess benefit transaction with a disqualified person during the year? *If "Yes," complete Schedule L, Part I*	25a		
b	Is the organization aware that it engaged in an excess benefit transaction with a disqualified person in a prior year, and that the transaction has not been reported on any of the organization's prior Forms 990 or 990-EZ? *If "Yes," complete Schedule L, Part I*	25b		
26	Did the organization report any amount on Part X, line 5, 6, or 22 for receivables from or payables to any current or former officers, directors, trustees, key employees, highest compensated employees, or disqualified persons? *If "Yes," complete Schedule L, Part II*	26		X
27	Did the organization provide a grant or other assistance to an officer, director, trustee, key employee, substantial contributor or employee thereof, a grant selection committee member, or to a 35% controlled entity or family member of any of these persons? *If "Yes," complete Schedule L, Part III*	27		X
28	Was the organization a party to a business transaction with one of the following parties (see Schedule L, Part IV instructions for applicable filing thresholds, conditions, and exceptions):			
a	A current or former officer, director, trustee, or key employee? *If "Yes," complete Schedule L, Part IV*	28a		X
b	A family member of a current or former officer, director, trustee, or key employee? *If "Yes," complete Schedule L, Part IV*	28b		X
c	An entity of which a current or former officer, director, trustee, or key employee (or a family member thereof) was an officer, director, trustee, or direct or indirect owner? *If "Yes," complete Schedule L, Part IV*	28c		X
29	Did the organization receive more than $25,000 in non-cash contributions? *If "Yes," complete Schedule M*	29		X
30	Did the organization receive contributions of art, historical treasures, or other similar assets, or qualified conservation contributions? *If "Yes," complete Schedule M*	30		X
31	Did the organization liquidate, terminate, or dissolve and cease operations? *If "Yes," complete Schedule N, Part I*	31		X
32	Did the organization sell, exchange, dispose of, or transfer more than 25% of its net assets? *If "Yes," complete Schedule N, Part II*	32		X
33	Did the organization own 100% of an entity disregarded as separate from the organization under Regulations sections 301.7701-2 and 301.7701-3? *If "Yes," complete Schedule R, Part I*	33		X
34	Was the organization related to any tax-exempt or taxable entity? *If "Yes," complete Schedule R, Part II, III, or IV, and Part V, line 1*	34		X
35a	Did the organization have a controlled entity within the meaning of section 512(b)(13)?	35a		X
b	If "Yes" to line 35a, did the organization receive any payment from or engage in any transaction with a controlled entity within the meaning of section 512(b)(13)? *If "Yes," complete Schedule R, Part V, line 2*	35b		
36	**Section 501(c)(3) organizations.** Did the organization make any transfers to an exempt non-charitable related organization? *If "Yes," complete Schedule R, Part V, line 2*	36		
37	Did the organization conduct more than 5% of its activities through an entity that is not a related organization and that is treated as a partnership for federal income tax purposes? *If "Yes," complete Schedule R, Part VI*	37		X
38	Did the organization complete Schedule O and provide explanations in Schedule O for Part VI, lines 11b and 19? **Note.** All Form 990 filers are required to complete Schedule O	38	X	

Part V Statements Regarding Other IRS Filings and Tax Compliance

Check if Schedule O contains a response or note to any line in this Part V ☐

				Yes	No
1a	Enter the number reported in Box 3 of Form 1096. Enter -0- if not applicable	1a	8		
b	Enter the number of Forms W-2G included in line 1a. Enter -0- if not applicable	1b	0		
c	Did the organization comply with backup withholding rules for reportable payments to vendors and reportable gaming (gambling) winnings to prize winners?	1c		X	
2a	Enter the number of employees reported on Form W-3, Transmittal of Wage and Tax Statements, filed for the calendar year ending with or within the year covered by this return	2a	8		
b	If at least one is reported on line 2a, did the organization file all required federal employment tax returns?	2b		X	
	Note. If the sum of lines 1a and 2a is greater than 250, you may be required to *e-file* (see instructions)				
3a	Did the organization have unrelated business gross income of $1,000 or more during the year?	3a			X
b	If "Yes," has it filed a Form 990-T for this year? *If "No," to line 3b, provide an explanation in Schedule O*	3b			
4a	At any time during the calendar year, did the organization have an interest in, or a signature or other authority over, a financial account in a foreign country (such as a bank account, securities account, or other financial account)?	4a			X
b	If "Yes," enter the name of the foreign country: ▶ _____ See instructions for filing requirements for FinCEN Form 114, Report of Foreign Bank and Financial Accounts (FBAR).				
5a	Was the organization a party to a prohibited tax shelter transaction at any time during the tax year?	5a			X
b	Did any taxable party notify the organization that it was or is a party to a prohibited tax shelter transaction?	5b			X
c	If "Yes," to line 5a or 5b, did the organization file Form 8886-T?	5c			
6a	Does the organization have annual gross receipts that are normally greater than $100,000, and did the organization solicit any contributions that were not tax deductible as charitable contributions?	6a			X
b	If "Yes," did the organization include with every solicitation an express statement that such contributions or gifts were not tax deductible?	6b			
7	**Organizations that may receive deductible contributions under section 170(c).**				
a	Did the organization receive a payment in excess of $75 made partly as a contribution and partly for goods and services provided to the payor?	7a			
b	If "Yes," did the organization notify the donor of the value of the goods or services provided?	7b			
c	Did the organization sell, exchange, or otherwise dispose of tangible personal property for which it was required to file Form 8282?	7c			
d	If "Yes," indicate the number of Forms 8282 filed during the year	7d			
e	Did the organization receive any funds, directly or indirectly, to pay premiums on a personal benefit contract?	7e			X
f	Did the organization, during the year, pay premiums, directly or indirectly, on a personal benefit contract?	7f			X
g	If the organization received a contribution of qualified intellectual property, did the organization file Form 8899 as required?	7g			
h	If the organization received a contribution of cars, boats, airplanes, or other vehicles, did the organization file a Form 1098-C?	7h			
8	**Sponsoring organizations maintaining donor advised funds.** Did a donor advised fund maintained by the sponsoring organization have excess business holdings at any time during the year?	8			
9	**Sponsoring organizations maintaining donor advised funds.**				
a	Did the sponsoring organization make any taxable distributions under section 4966?	9a			
b	Did the sponsoring organization make a distribution to a donor, donor advisor, or related person?	9b			
10	**Section 501(c)(7) organizations.** Enter:				
a	Initiation fees and capital contributions included on Part VIII, line 12	10a			
b	Gross receipts, included on Form 990, Part VIII, line 12, for public use of club facilities	10b			
11	**Section 501(c)(12) organizations.** Enter:				
a	Gross income from members or shareholders	11a			
b	Gross income from other sources (Do not net amounts due or paid to other sources against amounts due or received from them.)	11b			
12a	**Section 4947(a)(1) non-exempt charitable trusts.** Is the organization filing Form 990 in lieu of Form 1041?	12a			
b	If "Yes," enter the amount of tax-exempt interest received or accrued during the year	12b			
13	**Section 501(c)(29) qualified nonprofit health insurance issuers.**				
a	Is the organization licensed to issue qualified health plans in more than one state?	13a			
	Note. See the instructions for additional information the organization must report on Schedule O.				
b	Enter the amount of reserves the organization is required to maintain by the states in which the organization is licensed to issue qualified health plans	13b			
c	Enter the amount of reserves on hand	13c			
14a	Did the organization receive any payments for indoor tanning services during the tax year?	14a			X
b	If "Yes," has it filed a Form 720 to report these payments? *If "No," provide an explanation in Schedule O*	14b			

Part VI Governance, Management, and Disclosure *For each "Yes" response to lines 2 through 7b below, and for a "No" response to line 8a, 8b, or 10b below, describe the circumstances, processes, or changes in Schedule O. See instructions.*

Check if Schedule O contains a response or note to any line in this Part VI X

Section A. Governing Body and Management

				Yes	No
1a	Enter the number of voting members of the governing body at the end of the tax year	1a	4		
	If there are material differences in voting rights among members of the governing body, or if the governing body delegated broad authority to an executive committee or similar committee, explain in Schedule O.				
b	Enter the number of voting members included in line 1a, above, who are independent	1b	4		
2	Did any officer, director, trustee, or key employee have a family relationship or a business relationship with any other officer, director, trustee, or key employee?	2			X
3	Did the organization delegate control over management duties customarily performed by or under the direct supervision of officers, directors, or trustees, or key employees to a management company or other person?	3			X
4	Did the organization make any significant changes to its governing documents since the prior Form 990 was filed?	4			X
5	Did the organization become aware during the year of a significant diversion of the organization's assets?	5			X
6	Did the organization have members or stockholders?	6		X	
7a	Did the organization have members, stockholders, or other persons who had the power to elect or appoint one or more members of the governing body?	7a		X	
b	Are any governance decisions of the organization reserved to (or subject to approval by) members, stockholders, or persons other than the governing body?	7b			X
8	Did the organization contemporaneously document the meetings held or written actions undertaken during the year by the following:				
a	The governing body?	8a		X	
b	Each committee with authority to act on behalf of the governing body?	8b		X	
9	Is there any officer, director, trustee, or key employee listed in Part VII, Section A, who cannot be reached at the organization's mailing address? *If "Yes," provide the names and addresses in Schedule O*	9			X

Section B. Policies *(This Section B requests information about policies not required by the Internal Revenue Code.)*

			Yes	No
10a	Did the organization have local chapters, branches, or affiliates?	10a		X
b	If "Yes," did the organization have written policies and procedures governing the activities of such chapters, affiliates, and branches to ensure their operations are consistent with the organization's exempt purposes?	10b		
11a	Has the organization provided a complete copy of this Form 990 to all members of its governing body before filing the form?	11a	X	
b	Describe in Schedule O the process, if any, used by the organization to review this Form 990.			
12a	Did the organization have a written conflict of interest policy? *If "No," go to line 13*	12a	X	
b	Were officers, directors, or trustees, and key employees required to disclose annually interests that could give rise to conflicts?	12b		X
c	Did the organization regularly and consistently monitor and enforce compliance with the policy? *If "Yes," describe in Schedule O how this was done*	12c		X
13	Did the organization have a written whistleblower policy?	13	X	
14	Did the organization have a written document retention and destruction policy?	14	X	
15	Did the process for determining compensation of the following persons include a review and approval by independent persons, comparability data, and contemporaneous substantiation of the deliberation and decision?			
a	The organization's CEO, Executive Director, or top management official	15a	X	
b	Other officers or key employees of the organization	15b	X	
	If "Yes" to line 15a or 15b, describe the process in Schedule O (see instructions).			
16a	Did the organization invest in, contribute assets to, or participate in a joint venture or similar arrangement with a taxable entity during the year?	16a		X
b	If "Yes," did the organization follow a written policy or procedure requiring the organization to evaluate its participation in joint venture arrangements under applicable federal tax law, and take steps to safeguard the organization's exempt status with respect to such arrangements?	16b		

Section C. Disclosure

17 List the states with which a copy of this Form 990 is required to be filed ▶ CA, MT, IL

18 Section 6104 requires an organization to make its Forms 1023 (or 1024 if applicable), 990, and 990-T (Section 501(c)(3)s only) available for public inspection. Indicate how you made these available. Check all that apply.

☐ Own website ☐ Another's website ☒ Upon request ☐ Other *(explain in Schedule O)*

19 Describe in Schedule O whether (and if so, how) the organization made its governing documents, conflict of interest policy, and financial statements available to the public during the tax year.

20 State the name, address, and telephone number of the person who possesses the organization's books and records: ▶

RYAN KISCADEN - 888-266-0550

1765 DUKE STREET, ALEXANDRIA, VA 22314

Part VII Compensation of Officers, Directors, Trustees, Key Employees, Highest Compensated Employees, and Independent Contractors

Check if Schedule O contains a response or note to any line in this Part VII ☐

Section A. Officers, Directors, Trustees, Key Employees, and Highest Compensated Employees

1a Complete this table for all persons required to be listed. Report compensation for the calendar year ending with or within the organization's tax year.

- List all of the organization's **current** officers, directors, trustees (whether individuals or organizations), regardless of amount of compensation. Enter -0- in columns (D), (E), and (F) if no compensation was paid.
- List all of the organization's **current** key employees, if any. See instructions for definition of "key employee."
- List the organization's five **current** highest compensated employees (other than an officer, director, trustee, or key employee) who received reportable compensation (Box 5 of Form W-2 and/or Box 7 of Form 1099-MISC) of more than $100,000 from the organization and any related organizations.
- List all of the organization's **former** officers, key employees, and highest compensated employees who received more than $100,000 of reportable compensation from the organization and any related organizations.
- List all of the organization's **former directors or trustees** that received, in the capacity as a former director or trustee of the organization, more than $10,000 of reportable compensation from the organization and any related organizations.

List persons in the following order: individual trustees or directors; institutional trustees; officers; key employees; highest compensated employees; and former such persons.

☐ Check this box if neither the organization nor any related organization compensated any current officer, director, or trustee.

(A) Name and Title	(B) Average hours per week (list any hours for related organizations below line)	(C) Position (do not check more than one box, unless person is both an officer and a director/trustee)						(D) Reportable compensation from the organization (W-2/1099-MISC)	(E) Reportable compensation from related organizations (W-2/1099-MISC)	(F) Estimated amount of other compensation from the organization and related organizations
		Individual trustee or director	Institutional trustee	Officer	Key employee	Highest compensated employee	Former			
(1) DAN O'DONNELL CHAIR	2.50	X		X				0.	0.	0.
(2) JOHN SARTAIN VICE CHAIR	2.50	X		X				0.	0.	0.
(3) ROBERT JOHNSON TREASURER	2.50	X		X				0.	0.	0.
(4) FERN DAVES SECRETARY	2.50	X		X				0.	0.	0.
(5) MARK TIBBETTS EXECUTIVE DIRECTOR	40.00			X				154,280.	0.	19,831.

Part VII Section A. Officers, Directors, Trustees, Key Employees, and Highest Compensated Employees *(continued)*

(A) Name and title	(B) Average hours per week (list any hours for related organizations below line)	(C) Position (do not check more than one box, unless person is both an officer and a director/trustee)						(D) Reportable compensation from the organization (W-2/1099-MISC)	(E) Reportable compensation from related organizations (W-2/1099-MISC)	(F) Estimated amount of other compensation from the organization and related organizations
		Individual trustee or director	Institutional trustee	Officer	Key employee	Highest compensated employee	Former			
1b Sub-total ▶								154,280.	0.	19,831.
c Total from continuation sheets to Part VII, Section A ▶								0.	0.	0.
d Total (add lines 1b and 1c) ▶								154,280.	0.	19,831.

2 Total number of individuals (including but not limited to those listed above) who received more than $100,000 of reportable compensation from the organization ▶ 1

		Yes	No
3 Did the organization list any **former** officer, director, or trustee, key employee, or highest compensated employee on line 1a? *If "Yes," complete Schedule J for such individual*	3		X
4 For any individual listed on line 1a, is the sum of reportable compensation and other compensation from the organization and related organizations greater than $150,000? *If "Yes," complete Schedule J for such individual*	4	X	
5 Did any person listed on line 1a receive or accrue compensation from any unrelated organization or individual for services rendered to the organization? *If "Yes," complete Schedule J for such person*	5		X

Section B. Independent Contractors

1 Complete this table for your five highest compensated independent contractors that received more than $100,000 of compensation from the organization. Report compensation for the calendar year ending with or within the organization's tax year.

(A) Name and business address	(B) Description of services	(C) Compensation
HONEYWELL INTERNATIONAL, 1985 DOUGLAS DRIVE, GOLDEN VALLEY, MN 55422-3992	ADMINISTRATIVE AND RECYCLING SERVICES	347,555.

2 Total number of independent contractors (including but not limited to those listed above) who received more than $100,000 of compensation from the organization ▶ 1

Part VIII Statement of Revenue

Check if Schedule O contains a response or note to any line in this Part VIII ☐

			(A) Total revenue	(B) Related or exempt function revenue	(C) Unrelated business revenue	(D) Revenue excluded from tax under sections 512 - 514

Part XI Reconciliation of Net Assets

Check if Schedule O contains a response or note to any line in this Part XI ☐

1	Total revenue (must equal Part VIII, column (A), line 12)	1	1,623,198.
2	Total expenses (must equal Part IX, column (A), line 25)	2	1,388,580.
3	Revenue less expenses. Subtract line 2 from line 1	3	234,618.
4	Net assets or fund balances at beginning of year (must equal Part X, line 33, column (A))	4	20,179.
5	Net unrealized gains (losses) on investments	5	
6	Donated services and use of facilities	6	
7	Investment expenses	7	
8	Prior period adjustments	8	
9	Other changes in net assets or fund balances (explain in Schedule O)	9	0.
10	Net assets or fund balances at end of year. Combine lines 3 through 9 (must equal Part X, line 33, column (B))	10	254,797.

Part XII Financial Statements and Reporting

Check if Schedule O contains a response or note to any line in this Part XII ☒

			Yes	No
1	Accounting method used to prepare the Form 990: ☐ Cash ☒ Accrual ☐ Other _____ If the organization changed its method of accounting from a prior year or checked "Other," explain in Schedule O.			
2a	Were the organization's financial statements compiled or reviewed by an independent accountant? If "Yes," check a box below to indicate whether the financial statements for the year were compiled or reviewed on a separate basis, consolidated basis, or both: ☐ Separate basis ☐ Consolidated basis ☐ Both consolidated and separate basis	2a		X
b	Were the organization's financial statements audited by an independent accountant? If "Yes," check a box below to indicate whether the financial statements for the year were audited on a separate basis, consolidated basis, or both: ☒ Separate basis ☐ Consolidated basis ☐ Both consolidated and separate basis	2b	X	
c	If "Yes" to line 2a or 2b, does the organization have a committee that assumes responsibility for oversight of the audit, review, or compilation of its financial statements and selection of an independent accountant? If the organization changed either its oversight process or selection process during the tax year, explain in Schedule O.	2c	X	
3a	As a result of a federal award, was the organization required to undergo an audit or audits as set forth in the Single Audit Act and OMB Circular A-133?	3a		X
b	If "Yes," did the organization undergo the required audit or audits? If the organization did not undergo the required audit or audits, explain why in Schedule O and describe any steps taken to undergo such audits	3b		

SCHEDULE C
(Form 990 or 990-EZ)

Department of the Treasury
Internal Revenue Service

Political Campaign and Lobbying Activities

For Organizations Exempt From Income Tax Under section 501(c) and section 527

▶ Complete if the organization is described below. ▶ Attach to Form 990 or Form 990-EZ.

▶ Information about Schedule C (Form 990 or 990-EZ) and its instructions is at *www.irs.gov/form990.*

OMB No. 1545-0047

2015

Open to Public Inspection

If the organization answered "Yes," on Form 990, Part IV, line 3, or Form 990-EZ, Part V, line 46 (Political Campaign Activities), then

- Section 501(c)(3) organizations: Complete Parts I-A and B. Do not complete Part I-C.
- Section 501(c) (other than section 501(c)(3)) organizations: Complete Parts I-A and C below. Do not complete Part I-B.
- Section 527 organizations: Complete Part I-A only.

If the organization answered "Yes," on Form 990, Part IV, line 4, or Form 990-EZ, Part VI, line 47 (Lobbying Activities), then

- Section 501(c)(3) organizations that have filed Form 5768 (election under section 501(h)): Complete Part II-A. Do not complete Part II-B.
- Section 501(c)(3) organizations that have NOT filed Form 5768 (election under section 501(h)): Complete Part II-B. Do not complete Part II-A.

If the organization answered "Yes," on Form 990, Part IV, line 5 (Proxy Tax) (see separate instructions) or Form 990-EZ, Part V, line 35c (Proxy Tax) (see separate instructions), then

- Section 501(c)(4), (5), or (6) organizations: Complete Part III.

Name of organization	Employer identification number
THERMOSTAT RECYCLING CORPORATION	54-1830284

Part I-A Complete if the organization is exempt under section 501(c) or is a section 527 organization.

1 Provide a description of the organization's direct and indirect political campaign activities in Part IV.

2 Political expenditures ▶ $

3 Volunteer hours

Part I-B Complete if the organization is exempt under section 501(c)(3).

1 Enter the amount of any excise tax incurred by the organization under section 4955 ▶ $

2 Enter the amount of any excise tax incurred by organization managers under section 4955 ▶ $

3 If the organization incurred a section 4955 tax, did it file Form 4720 for this year? ☐ Yes ☐ No

4a Was a correction made? ☐ Yes ☐ No

b If "Yes," describe in Part IV.

Part I-C Complete if the organization is exempt under section 501(c), except section 501(c)(3).

1 Enter the amount directly expended by the filing organization for section 527 exempt function activities ▶ $

2 Enter the amount of the filing organization's funds contributed to other organizations for section 527 exempt function activities ▶ $

3 Total exempt function expenditures. Add lines 1 and 2. Enter here and on Form 1120-POL, line 17b ▶ $

4 Did the filing organization file **Form 1120-POL** for this year? ☐ Yes ☐ No

5 Enter the names, addresses and employer identification number (EIN) of all section 527 political organizations to which the filing organization made payments. For each organization listed, enter the amount paid from the filing organization's funds. Also enter the amount of political contributions received that were promptly and directly delivered to a separate political organization, such as a separate segregated fund or a political action committee (PAC). If additional space is needed, provide information in Part IV.

(a) Name	(b) Address	(c) EIN	(d) Amount paid from filing organization's funds. If none, enter -0-.	(e) Amount of political contributions received and promptly and directly delivered to a separate political organization. If none, enter -0-.

Part II-A **Complete if the organization is exempt under section 501(c)(3) and filed Form 5768 (election under section 501(h)).**

A Check ▶ ☐ if the filing organization belongs to an affiliated group (and list in Part IV each affiliated group member's name, address, EIN, expenses, and share of excess lobbying expenditures).

B Check ▶ ☐ if the filing organization checked box A and "limited control" provisions apply.

Limits on Lobbying Expenditures (The term "expenditures" means amounts paid or incurred.)	(a) Filing organization's totals	(b) Affiliated group totals
1a Total lobbying expenditures to influence public opinion (grass roots lobbying)		
b Total lobbying expenditures to influence a legislative body (direct lobbying)		
c Total lobbying expenditures (add lines 1a and 1b)		
d Other exempt purpose expenditures		
e Total exempt purpose expenditures (add lines 1c and 1d)		
f Lobbying nontaxable amount. Enter the amount from the following table in both columns.		
g Grassroots nontaxable amount (enter 25% of line 1f)		
h Subtract line 1g from line 1a. If zero or less, enter -0-		
i Subtract line 1f from line 1c. If zero or less, enter -0-		

If the amount on line 1e, column (a) or (b) is:	The lobbying nontaxable amount is:
Not over $500,000	20% of the amount on line 1e.
Over $500,000 but not over $1,000,000	$100,000 plus 15% of the excess over $500,000.
Over $1,000,000 but not over $1,500,000	$175,000 plus 10% of the excess over $1,000,000.
Over $1,500,000 but not over $17,000,000	$225,000 plus 5% of the excess over $1,500,000.
Over $17,000,000	$1,000,000.

j If there is an amount other than zero on either line 1h or line 1i, did the organization file Form 4720 reporting section 4911 tax for this year? ☐ Yes ☐ No

4-Year Averaging Period Under section 501(h)

(Some organizations that made a section 501(h) election do not have to complete all of the five columns below. See the separate instructions for lines 2a through 2f.)

Lobbying Expenditures During 4-Year Averaging Period

Calendar year (or fiscal year beginning in)	(a) 2012	(b) 2013	(c) 2014	(d) 2015	(e) Total
2a Lobbying nontaxable amount					
b Lobbying ceiling amount (150% of line 2a, column(e))					
c Total lobbying expenditures					
d Grassroots nontaxable amount					
e Grassroots ceiling amount (150% of line 2d, column (e))					
f Grassroots lobbying expenditures					

Part II-B **Complete if the organization is exempt under section 501(c)(3) and has NOT filed Form 5768 (election under section 501(h)).**

For each "Yes," response on lines 1a through 1i below, provide in Part IV a detailed description of the lobbying activity.	(a) Yes	(a) No	(b) Amount
1 During the year, did the filing organization attempt to influence foreign, national, state or local legislation, including any attempt to influence public opinion on a legislative matter or referendum, through the use of:			
a Volunteers?			
b Paid staff or management (include compensation in expenses reported on lines 1c through 1i)?			
c Media advertisements?			
d Mailings to members, legislators, or the public?			
e Publications, or published or broadcast statements?			
f Grants to other organizations for lobbying purposes?			
g Direct contact with legislators, their staffs, government officials, or a legislative body?			
h Rallies, demonstrations, seminars, conventions, speeches, lectures, or any similar means?			
i Other activities?			
j Total. Add lines 1c through 1i			
2a Did the activities in line 1 cause the organization to be not described in section 501(c)(3)?			
b If "Yes," enter the amount of any tax incurred under section 4912			
c If "Yes," enter the amount of any tax incurred by organization managers under section 4912			
d If the filing organization incurred a section 4912 tax, did it file Form 4720 for this year?			

Part III-A **Complete if the organization is exempt under section 501(c)(4), section 501(c)(5), or section 501(c)(6).**

			Yes	No
1	Were substantially all (90% or more) dues received nondeductible by members?	1		X
2	Did the organization make only in-house lobbying expenditures of $2,000 or less?	2	X	
3	Did the organization agree to carry over lobbying and political expenditures from the prior year?	3		X

Part III-B **Complete if the organization is exempt under section 501(c)(4), section 501(c)(5), or section 501(c)(6) and if either (a) BOTH Part III-A, lines 1 and 2, are answered "No," OR (b) Part III-A, line 3, is answered "Yes."**

1	Dues, assessments and similar amounts from members	1	
2	Section 162(e) nondeductible lobbying and political expenditures **(do not include amounts of political expenses for which the section 527(f) tax was paid).**		
a	Current year	2a	
b	Carryover from last year	2b	
c	Total	2c	
3	Aggregate amount reported in section 6033(e)(1)(A) notices of nondeductible section 162(e) dues	3	
4	If notices were sent and the amount on line 2c exceeds the amount on line 3, what portion of the excess does the organization agree to carryover to the reasonable estimate of nondeductible lobbying and political expenditure next year?	4	
5	Taxable amount of lobbying and political expenditures (see instructions)	5	

Part IV **Supplemental Information**

Provide the descriptions required for Part I-A, line 1; Part I-B, line 4; Part I-C, line 5; Part II-A (affiliated group list); Part II-A, lines 1 and 2 (see instructions); and Part II-B, line 1. Also, complete this part for any additional information.

SCHEDULE D (Form 990)

Department of the Treasury
Internal Revenue Service

Supplemental Financial Statements

▶ Complete if the organization answered "Yes" on Form 990, Part IV, line 6, 7, 8, 9, 10, 11a, 11b, 11c, 11d, 11e, 11f, 12a, or 12b.
▶ Attach to Form 990.
▶ Information about Schedule D (Form 990) and its instructions is at *www.irs.gov/form990.*

OMB No. 1545-0047

2015

Open to Public Inspection

Name of the organization
THERMOSTAT RECYCLING CORPORATION

Employer identification number
54-1830284

Part I Organizations Maintaining Donor Advised Funds or Other Similar Funds or Accounts. Complete if the organization answered "Yes" on Form 990, Part IV, line 6.

		(a) Donor advised funds	(b) Funds and other accounts
1	Total number at end of year		
2	Aggregate value of contributions to (during year)		
3	Aggregate value of grants from (during year)		
4	Aggregate value at end of year		

5 Did the organization inform all donors and donor advisors in writing that the assets held in donor advised funds are the organization's property, subject to the organization's exclusive legal control? ☐ Yes ☐ No

6 Did the organization inform all grantees, donors, and donor advisors in writing that grant funds can be used only for charitable purposes and not for the benefit of the donor or donor advisor, or for any other purpose conferring impermissible private benefit? ☐ Yes ☐ No

Part II Conservation Easements. Complete if the organization answered "Yes" on Form 990, Part IV, line 7.

1 Purpose(s) of conservation easements held by the organization (check all that apply).
- ☐ Preservation of land for public use (e.g., recreation or education)
- ☐ Protection of natural habitat
- ☐ Preservation of open space
- ☐ Preservation of a historically important land area
- ☐ Preservation of a certified historic structure

2 Complete lines 2a through 2d if the organization held a qualified conservation contribution in the form of a conservation easement on the last day of the tax year.

			Held at the End of the Tax Year
a	Total number of conservation easements	2a	
b	Total acreage restricted by conservation easements	2b	
c	Number of conservation easements on a certified historic structure included in (a)	2c	
d	Number of conservation easements included in (c) acquired after 8/17/06, and not on a historic structure listed in the National Register	2d	

3 Number of conservation easements modified, transferred, released, extinguished, or terminated by the organization during the tax year ▶ _____

4 Number of states where property subject to conservation easement is located ▶ _____

5 Does the organization have a written policy regarding the periodic monitoring, inspection, handling of violations, and enforcement of the conservation easements it holds? ☐ Yes ☐ No

6 Staff and volunteer hours devoted to monitoring, inspecting, handling of violations, and enforcing conservation easements during the year ▶ _____

7 Amount of expenses incurred in monitoring, inspecting, handling of violations, and enforcing conservation easements during the year ▶ $ _____

8 Does each conservation easement reported on line 2(d) above satisfy the requirements of section 170(h)(4)(B)(i) and section 170(h)(4)(B)(ii)? ☐ Yes ☐ No

9 In Part XIII, describe how the organization reports conservation easements in its revenue and expense statement, and balance sheet, and include, if applicable, the text of the footnote to the organization's financial statements that describes the organization's accounting for conservation easements.

Part III Organizations Maintaining Collections of Art, Historical Treasures, or Other Similar Assets.

Complete if the organization answered "Yes" on Form 990, Part IV, line 8.

1a If the organization elected, as permitted under SFAS 116 (ASC 958), not to report in its revenue statement and balance sheet works of art, historical treasures, or other similar assets held for public exhibition, education, or research in furtherance of public service, provide, in Part XIII, the text of the footnote to its financial statements that describes these items.

b If the organization elected, as permitted under SFAS 116 (ASC 958), to report in its revenue statement and balance sheet works of art, historical treasures, or other similar assets held for public exhibition, education, or research in furtherance of public service, provide the following amounts relating to these items:

(i) Revenue included on Form 990, Part VIII, line 1 ▶ $ _____

(ii) Assets included in Form 990, Part X ▶ $ _____

2 If the organization received or held works of art, historical treasures, or other similar assets for financial gain, provide the following amounts required to be reported under SFAS 116 (ASC 958) relating to these items:

a Revenue included on Form 990, Part VIII, line 1 ▶ $ _____

b Assets included in Form 990, Part X ▶ $ _____

Part III Organizations Maintaining Collections of Art, Historical Treasures, or Other Similar Assets *(continued)*

3 Using the organization's acquisition, accession, and other records, check any of the following that are a significant use of its collection items (check all that apply):

a ☐ Public exhibition
b ☐ Scholarly research
c ☐ Preservation for future generations
d ☐ Loan or exchange programs
e ☐ Other _____

4 Provide a description of the organization's collections and explain how they further the organization's exempt purpose in Part XIII.

5 During the year, did the organization solicit or receive donations of art, historical treasures, or other similar assets to be sold to raise funds rather than to be maintained as part of the organization's collection? ☐ Yes ☐ No

Part IV Escrow and Custodial Arrangements. Complete if the organization answered "Yes" on Form 990, Part IV, line 9, or reported an amount on Form 990, Part X, line 21.

1a Is the organization an agent, trustee, custodian or other intermediary for contributions or other assets not included on Form 990, Part X? ☐ Yes ☐ No

b If "Yes," explain the arrangement in Part XIII and complete the following table:

		Amount
c Beginning balance	1c	
d Additions during the year	1d	
e Distributions during the year	1e	
f Ending balance	1f	

2a Did the organization include an amount on Form 990, Part X, line 21, for escrow or custodial account liability? ☐ Yes ☐ No

b If "Yes," explain the arrangement in Part XIII. Check here if the explanation has been provided on Part XIII ☐

Part V Endowment Funds. Complete if the organization answered "Yes" on Form 990, Part IV, line 10.

	(a) Current year	(b) Prior year	(c) Two years back	(d) Three years back	(e) Four years back
1a Beginning of year balance					
b Contributions					
c Net investment earnings, gains, and losses					
d Grants or scholarships					
e Other expenditures for facilities and programs					
f Administrative expenses					
g End of year balance					

2 Provide the estimated percentage of the current year end balance (line 1g, column (a)) held as:

a Board designated or quasi-endowment ▶ _____%
b Permanent endowment ▶ _____%
c Temporarily restricted endowment ▶ _____%

The percentages on lines 2a, 2b, and 2c should equal 100%.

3a Are there endowment funds not in the possession of the organization that are held and administered for the organization by:

		Yes	No
(i) unrelated organizations	3a(i)		
(ii) related organizations	3a(ii)		
b If "Yes" on line 3a(ii), are the related organizations listed as required on Schedule R?	3b		

4 Describe in Part XIII the intended uses of the organization's endowment funds.

Part VI Land, Buildings, and Equipment.

Complete if the organization answered "Yes" on Form 990, Part IV, line 11a. See Form 990, Part X, line 10.

Description of property	(a) Cost or other basis (investment)	(b) Cost or other basis (other)	(c) Accumulated depreciation	(d) Book value
1a Land				
b Buildings				
c Leasehold improvements				
d Equipment		11,209.	5,507.	5,702.
e Other				
Total. Add lines 1a through 1e. *(Column (d) must equal Form 990, Part X, column (B), line 10c.)* ▶				5,702.

Part VII Investments - Other Securities.

Complete if the organization answered "Yes" on Form 990, Part IV, line 11b. See Form 990, Part X, line 12.

(a) Description of security or category (including name of security)	(b) Book value	(c) Method of valuation: Cost or end-of-year market value
(1) Financial derivatives		
(2) Closely-held equity interests		
(3) Other		
(A)		
(B)		
(C)		
(D)		
(E)		
(F)		
(G)		
(H)		
Total. (Col. (b) must equal Form 990, Part X, col. (B) line 12.) ▶		

Part VIII Investments - Program Related.

Complete if the organization answered "Yes" on Form 990, Part IV, line 11c. See Form 990, Part X, line 13.

(a) Description of investment	(b) Book value	(c) Method of valuation: Cost or end-of-year market value
(1)		
(2)		
(3)		
(4)		
(5)		
(6)		
(7)		
(8)		
(9)		
Total. (Col. (b) must equal Form 990, Part X, col. (B) line 13.) ▶		

Part IX Other Assets.

Complete if the organization answered "Yes" on Form 990, Part IV, line 11d. See Form 990, Part X, line 15.

(a) Description	(b) Book value
(1)	
(2)	
(3)	
(4)	
(5)	
(6)	
(7)	
(8)	
(9)	
Total. *(Column (b) must equal Form 990, Part X, col. (B) line 15.)* ▶	

Part X Other Liabilities.

Complete if the organization answered "Yes" on Form 990, Part IV, line 11e or 11f. See Form 990, Part X, line 25.

1. (a) Description of liability	(b) Book value
(1) Federal income taxes	
(2)	
(3)	
(4)	
(5)	
(6)	
(7)	
(8)	
(9)	
Total. *(Column (b) must equal Form 990, Part X, col. (B) line 25.)* ▶	

2. Liability for uncertain tax positions. In Part XIII, provide the text of the footnote to the organization's financial statements that reports the organization's liability for uncertain tax positions under FIN 48 (ASC 740). Check here if the text of the footnote has been provided in Part XIII [X]

Part XI Reconciliation of Revenue per Audited Financial Statements With Revenue per Return.

Complete if the organization answered "Yes" on Form 990, Part IV, line 12a.

1	Total revenue, gains, and other support per audited financial statements			1	1,623,198.
2	Amounts included on line 1 but not on Form 990, Part VIII, line 12:				
a	Net unrealized gains (losses) on investments	2a			
b	Donated services and use of facilities	2b			
c	Recoveries of prior year grants	2c			
d	Other (Describe in Part XIII.)	2d			
e	Add lines 2a through 2d			2e	0.
3	Subtract line 2e from line 1			3	1,623,198.
4	Amounts included on Form 990, Part VIII, line 12, but not on line 1:				
a	Investment expenses not included on Form 990, Part VIII, line 7b	4a			
b	Other (Describe in Part XIII.)	4b			
c	Add lines 4a and 4b			4c	0.
5	Total revenue. Add lines 3 and 4c. *(This must equal Form 990, Part I, line 12.)*			5	1,623,198.

Part XII Reconciliation of Expenses per Audited Financial Statements With Expenses per Return.

Complete if the organization answered "Yes" on Form 990, Part IV, line 12a.

1	Total expenses and losses per audited financial statements			1	1,388,580.
2	Amounts included on line 1 but not on Form 990, Part IX, line 25:				
a	Donated services and use of facilities	2a			
b	Prior year adjustments	2b			
c	Other losses	2c			
d	Other (Describe in Part XIII.)	2d			
e	Add lines 2a through 2d			2e	0.
3	Subtract line 2e from line 1			3	1,388,580.
4	Amounts included on Form 990, Part IX, line 25, but not on line 1:				
a	Investment expenses not included on Form 990, Part VIII, line 7b	4a			
b	Other (Describe in Part XIII.)	4b			
c	Add lines 4a and 4b			4c	0.
5	Total expenses. Add lines 3 and 4c. *(This must equal Form 990, Part I, line 18.)*			5	1,388,580.

Part XIII Supplemental Information.

Provide the descriptions required for Part II, lines 3, 5, and 9; Part III, lines 1a and 4; Part IV, lines 1b and 2b; Part V, line 4; Part X, line 2; Part XI, lines 2d and 4b; and Part XII, lines 2d and 4b. Also complete this part to provide any additional information.

PART X, LINE 2:

TRC IS EXEMPT FROM INCOME TAXES ON ITS EXEMPT ACTIVITIES UNDER SECTION 501 (C) (6) OF THE INTERNAL REVENUE CODE. TRC FOLLOWS ACCOUNTING STANDARDS FOR DEALING WITH UNCERTAINTY IN ACCOUNTING FOR INCOME TAX PROVISIONS. TRC HAS DETERMINED THAT IT DOES NOT HAVE ANY MATERIAL UNRECOGNIZED TAX BENEFITS OR OBLIGATIONS AS OF DECEMBER 31, 2015 AND 2014. YEARS ENDING ON OR AFTER DECEMBER 31, 2012 REMAIN SUBJECT TO EXAMINATION BY FEDERAL AND STATE TAX AUTHORITIES.

Part I Questions Regarding Compensation

			Yes	No
1a	Check the appropriate box(es) if the organization provided any of the following to or for a person listed on Form 990, Part VII, Section A, line 1a. Complete Part III to provide any relevant information regarding these items.			
	☐ First-class or charter travel	☐ Housing allowance or residence for personal use		
	☐ Travel for companions	☐ Payments for business use of personal residence		
	☐ Tax indemnification and gross-up payments	☐ Health or social club dues or initiation fees		
	☐ Discretionary spending account	☐ Personal services (e.g., maid, chauffeur, chef)		
b	If any of the boxes on line 1a are checked, did the organization follow a written policy regarding payment or reimbursement or provision of all of the expenses described above? If "No," complete Part III to explain	1b		
2	Did the organization require substantiation prior to reimbursing or allowing expenses incurred by all directors, trustees, and officers, including the CEO/Executive Director, regarding the items checked in line 1a?	2		
3	Indicate which, if any, of the following the filing organization used to establish the compensation of the organization's CEO/Executive Director. Check all that apply. Do not check any boxes for methods used by a related organization to establish compensation of the CEO/Executive Director, but explain in Part III.			
	☐ Compensation committee	☒ Written employment contract		
	☐ Independent compensation consultant	☒ Compensation survey or study		
	☒ Form 990 of other organizations	☒ Approval by the board or compensation committee		
4	During the year, did any person listed on Form 990, Part VII, Section A, line 1a, with respect to the filing organization or a related organization:			
a	Receive a severance payment or change-of-control payment?	4a		X
b	Participate in, or receive payment from, a supplemental nonqualified retirement plan?	4b		X
c	Participate in, or receive payment from, an equity-based compensation arrangement?	4c		X
	If "Yes" to any of lines 4a-c, list the persons and provide the applicable amounts for each item in Part III.			
	Only section 501(c)(3), 501(c)(4), and 501(c)(29) organizations must complete lines 5-9.			
5	For persons listed on Form 990, Part VII, Section A, line 1a, did the organization pay or accrue any compensation contingent on the revenues of:			
a	The organization?	5a		
b	Any related organization?	5b		
	If "Yes" to line 5a or 5b, describe in Part III.			
6	For persons listed on Form 990, Part VII, Section A, line 1a, did the organization pay or accrue any compensation contingent on the net earnings of:			
a	The organization?	6a		
b	Any related organization?	6b		
	If "Yes" on line 6a or 6b, describe in Part III.			
7	For persons listed on Form 990, Part VII, Section A, line 1a, did the organization provide any non-fixed payments not described on lines 5 and 6? If "Yes," describe in Part III	7		
8	Were any amounts reported on Form 990, Part VII, paid or accrued pursuant to a contract that was subject to the initial contract exception described in Regulations section 53.4958-4(a)(3)? If "Yes," describe in Part III	8		
9	If "Yes" to line 8, did the organization also follow the rebuttable presumption procedure described in Regulations section 53.4958-6(c)?	9		

Part II **Officers, Directors, Trustees, Key Employees, and Highest Compensated Employees.** Use duplicate copies if additional space is needed.

For each individual whose compensation must be reported on Schedule J, report compensation from the organization on row (i) and from related organizations, described in the instructions, on row (ii). Do not list any individuals that are not listed on Form 990, Part VII.

Note: The sum of columns (B)(i)-(iii) for each listed individual must equal the total amount of Form 990, Part VII, Section A, line 1a, applicable column (D) and (E) amounts for that individual.

(A) Name and Title		(B) Breakdown of W-2 and/or 1099-MISC compensation			(C) Retirement and other deferred compensation	(D) Nontaxable benefits	(E) Total of columns (B)(i)-(D)	(F) Compensation in column (B) reported as deferred on prior Form 990

Form **8868**
(Rev. January 2014)

Department of the Treasury
Internal Revenue Service

Application for Extension of Time To File an Exempt Organization Return

▶ **File a separate application for each return.**

▶ **Information about Form 8868 and its instructions is at** *www.irs.gov/form8868* .

- If you are filing for an **Automatic 3-Month Extension, complete only Part I** and check this box ..... ▶ [X]
- If you are filing for an **Additional (Not Automatic) 3-Month Extension, complete only Part II** (on page 2 of this form).

Do not complete Part II unless you have already been granted an automatic 3-month extension on a previously filed Form 8868.

Electronic filing *(e-file)* . You can electronically file Form 8868 if you need a 3-month automatic extension of time to file (6 months for a corporation required to file Form 990-T), or an additional (not automatic) 3-month extension of time. You can electronically file Form 8868 to request an extension of time to file any of the forms listed in Part I or Part II with the exception of Form 8870, Information Return for Transfers Associated With Certain Personal Benefit Contracts, which must be sent to the IRS in paper format (see instructions). For more details on the electronic filing of this form, visit *www.irs.gov/efile* and click on *e-file for Charities & Nonprofits.*

Part I Automatic 3-Month Extension of Time. Only submit original (no copies needed).

A corporation required to file Form 990-T and requesting an automatic 6-month extension - check this box and complete Part I only ..... ▶ [ ]

All other corporations (including 1120-C filers), partnerships, REMICs, and trusts must use Form 7004 to request an extension of time to file income tax returns.

Type or print File by the due date for filing your return. See instructions.	Name of exempt organization or other filer, see instructions.	**Enter filer's identifying number** Employer identification number (EIN) or
	THERMOSTAT RECYCLING CORPORATION DBA TRC	54-1830284
	Number, street, and room or suite no. If a P.O. box, see instructions. TRC	Social security number (SSN)
	City, town or post office, state, and ZIP code. For a foreign address, see instructions. ALEXANDRIA, VA 22314	

Enter the Return code for the return that this application is for (file a separate application for each return) 0 1

Part II Declaration and Signature Authorization of Officer

Under penalties of perjury, I declare that I am an officer of the above organization and that I have examined a copy of the organization's 2015 electronic return and accompanying schedules and statements and to the best of my knowledge and belief, they are true, correct, and complete. I further declare that the amount in Part I above is the amount shown on the copy of the organization's electronic return. I consent to allow my intermediate service provider, transmitter, or electronic return originator (ERO) to send the organization's return to the IRS and to receive from the IRS **(a)** an acknowledgement of receipt or reason for rejection of the transmission, **(b)** the reason for any delay in processing the return or refund, and **(c)** the date of any refund. If applicable, I authorize the U.S. Treasury and its designated Financial Agent to initiate an electronic funds withdrawal (direct debit) entry to the financial institution account indicated in the tax preparation software for payment of the organization's federal taxes owed on this return, and the financial institution to debit the entry to this account. To revoke a payment, I must contact the U.S. Treasury Financial Agent at 1-888-353-4537 no later than 2 business days prior to the payment (settlement) date. I also authorize the financial institutions involved in the processing of the electronic payment of taxes to receive confidential information necessary to answer inquiries and resolve issues related to the payment. I have selected a personal identification number (PIN) as my signature for the organization's electronic return and, if applicable, the organization's consent to electronic funds withdrawal.

Officer's PIN: check one box only

[X] I authorize BURDETTE SMITH & BISH LLC to enter my PIN 22314

ERO firm name

Enter five numbers, but do not enter all zeros

as my signature on the organization's tax year 2015 electronically filed return. If I have indicated within this return that a copy of the return is being filed with a state agency(ies) regulating charities as part of the IRS Fed/State program, I also authorize the aforementioned ERO to enter my PIN on the return's disclosure consent screen.

[ ] As an officer of the organization, I will enter my PIN as my signature on the organization's tax year 2015 electronically filed return. If I have indicated within this return that a copy of the return is being filed with a state agency(ies) regulating charities as part of the IRS Fed/State program, I will enter my PIN on the return's disclosure consent screen.

Officer's signature ▶ _____ Date ▶ 7/29/16

Part III Certification and Authentication

ERO's EFIN/PIN. Enter your six-digit electronic filing identification number (EFIN) followed by your five-digit self-selected PIN.

54409522314

do not enter all zeros

I certify that the above numeric entry is my PIN, which is my signature on the 2015 electronically filed return for the organization indicated above. I confirm that I am submitting this return in accordance with the requirements of **Pub. 4163,** Modernized e-File (MeF) Information for Authorized IRS *e-file* Providers for Business Returns.

ERO's signature ▶ _____ Date ▶ 7/3/16
